Accident means an unexpected traumatic incident or unusual strain which: (1) is identified by time and place or occurrence; (2) is identifiable by part of the body affected; (3) is caused by a specific event on a single day; (4) results in a bodily injury; and (5) occurs while coverage under this Policy is in force for the Covered Person. Medicare RBRVS based is a system established by Medicare to pay physicians for a "work unit." The RBRVS value is determined by multiplying a "relative value" of the service by a "converter" to determine the value for a certain procedure.

Diagnosis-related group (DRG) methodology is a system used to classify hospital cases into groups that are expected to have similar hospital resource use. Payment for each DRG is based on diagnoses, procedures, age, expected discharge date, discharge status, and the presence of complications. The amount of payment for each DRG is generally within a fixed range.

Annual Out-of-Pocket Maximum The most you have to pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance, your health plan pays 100% of the costs of Covered Benefits. The Out-of-Pocket limit doesn't

include your monthly premiums.

The Annual Out-of-Pocket Maximum includes the following:

Calendar Year Deductible

Copayments; and

Coinsurance

Family Limit for the Annual Out-of-Pocket Maximum

The Family Annual Out-of-Pocket Maximum is reached when two or more family members, who are insured under this Policy, have incurred and paid deductibles, copays, and co-insurance equal to the amount listed in the SBC for that specific plan. When the total out-of-pocket expense is reached within the Calendar Year of the effective policy, We then will pay 100% of Covered Medical Expenses incurred by all Family members for the remainder of the Calendar Year. The total of out-of-pocket medical expenses returns to zero at the end of the calendar year, and the accumulation would begin again for the new calendar year.

Coinsurance means a percentage amount a Covered Person is responsible to pay out-of-pocket for health care services after satisfaction of the applicable deductibles or copayments, or both. For Emergency Care Services, services received at an In-Network Facility but performed by an Out-of-Network Provider, and air ambulance services performed by an Out-of-Network Provider, the Coinsurance is applied in the same manner as if the services were furnished by an In-Network Provider. Copay or Copayment means a fixed dollar amount the Covered Person is required to pay for specifically listed Covered Benefits as shown in the SBC. Copayments are generally paid to the Provider at time of service. Copayments apply towards the satisfaction of the Out-of-Pocket Maximum. Confinement, Inpatient or Outpatient services or procedures; and
Drugs, supplies, equipment, or devices.

The fact that a Treatment was ordered or provided by a Physician does not, of itself, mean that the Treatment will be determined to be Medically Necessary.

SECTION 2—WHEN COVERAGE TAKES EFFECT AND TERMINATES

If this Policy was purchased on the Exchange (Health Insurance Marketplace), the eligibility for coverage and termination provisions in this Section are subject to the Exchange rules governing eligibility, termination and any continued coverage provisions in this Policy.

Special enrollment rights include but may not be limited to birth, adoption, marriage, divorce, legal separation, loss of minimum essential coverage, loss of coverage due to moving outside the service area, and any other event set out by applicable law. If coverage is allowed as a result of a special enrollment right, application must be made for coverage within sixty (60) days from the date of the special enrollment event. Coverage is contingent upon timely application and payment of the appropriate premium as establish by the Exchange and Us.

If You do not pay premiums when due, this Policy will terminate subject to any applicable *Grace Period*. The Premium Due Date is shown in the SBC.

GRACE PERIOD –

THIS GRACE PERIOD PROVISION APPLIES IF THIS POLICY WAS NOT PURCHASED ON THE EXCHANGE OR IF THE ON EXCHANGE POLICY DID NOT QUALIFY FOR ADVANCE PAYMENTS OF THE PREMIUM TAX CREDIT (APTC)..

After the first due premium payment is received by Us in full, if a premium is not paid on or before the date it is due, it may be paid during the next thirty (30) days. These thirty (30) days are called the Grace Period. If a payment for Covered Services or Covered Benefits is paid by Us during the Grace Period and You do not pay Your premiums in full by the Grace Period end date, You will be responsible for refunding Us for any payments made by Us during the Grace Period term. We must provide Covered Person with not less than thirty (30) days written notice of the due date of the premium. However, We will not terminate this Policy until We have mailed or delivered to You at Your last-known address shown in Our records a written notice, in addition to any billing statement, stating the date this Policy’s termination will become effective

GRACE PERIOD—IF POLICY IS PURCHASED ON THE EXCHANGE AND POLICYOWNER IS RECEIVING ADVANCE PAYMENT OF PREMIUM TAX CREDIT (APTC).

After the first due premium payment is received by Us in full, if a premium is not paid on or before the date it is due, it may be paid during the next ninety (90) days. These ninety (90) days are called the Grace Period. Coverage under this Policy will remain in force during the Grace Period.

During the first month of the grace period, We will continue to pay claims incurred for Covered Expenses. During the second and third months of the grace period, We will suspend payment of any claims until We receive the past due premiums. If payment is not received for all outstanding premium by the end of the Grace Period, this Policy will be terminated effective at 11:59:59 p.m. on the last day of the first month of the Grace Period. You will be responsible for the cost of any health care services You receive after the last day of the first month of the grace period.

PREMIUM RATE CHANGES

Subject to rate requirements applicable in the state of Wyoming, where this Policy is issued, We may change the rates for this Policy on any Policy Anniversary Date after this Policy has been in force for 12 months. However, the rates may be changed sooner than 12 months if a premium increase is necessitated by: (1) a state or federal law; (2) court decision; or (3) rule adopted by an agency of competent jurisdiction of the state or federal government. Any rate change will be made only when We change the rates for all policies in the same rate class on the same form as this Policy that are issued in the state of Wyoming.

We will give You at least 45 days prior written notice before the effective date of any rate change. The rates will never be changed due to a change in Your age or health. Such notice will be mailed to the Your last known address as shown in Our records. If We fail to provide the notice as stated in this provision, this Policy will remain in effect at the existing rate with the existing benefits until: (1) the full notice period has expired; or (2) the effective date of the replacement coverage is obtained by You, whichever occurs first.

In the event of termination of this Policy or Your death, We will refund any portion of the advanced premium paid by Covered Person.

REINSTATEMENT

If any renewal dues payment is not paid within the time granted the Covered Person for payment, a subsequent acceptance of dues by The Plan without requiring in connection therewith an application for reinstatement, shall reinstate the Contract; provided, however, that if The Plan requires an application for reinstatement and issues a conditional receipt for the dues tendered, the Contract will be reinstated upon approval of such application by the CO-OP or, lacking such approval, upon the 45th day following the date of such conditional receipt unless The Plan has previously notified the Covered Person in writing of its disapproval of such application. The reinstated Contract shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as began more than ten days after such date. In all other respects, the Covered Person and The Plan shall have the same rights thereunder as they had under the Contract immediately before the due date of the defaulted dues, subject to any provision endorsed hereon or attached hereto in connection with the reinstatement.

Third Party Payments for Premiums, Co-Payments, Coinsurance

Providers may not waive, rebate, give, pay or offer to waive, rebate, give or pay all of part of the Covered Person's deductible or other out of pocket costs including co-payments, coinsurance, or premiums. We will accept payments of premiums and cost sharing from:

- A Ryan White HIV/AIDS Program
- An Indian tribe or tribal organization
- Local, state or federal government programs, including grantees directed by a government program to make payments on its behalf
- A private not-for-profit organization when all of the following criteria are met:
 - The assistance is provided on the basis of the Covered Person's financial need
 - The assistance is provided regardless of your health status
 - The institution/organization is not a healthcare provider
 - The institution/organization is not financially interested. Financially interested institutions/organizations include institutions/organizations that receive the majority of their funding from entities with a pecuniary interest in the payment of health insurance claims, or institutions/organizations that are subject to direct or indirect control of entities with a pecuniary interest in the payment of health insurance claims.

We do not count any financially interested third party cost-sharing payments toward deductibles or out of pocket maximums. If We discover financially interested third party payments of this type

after the fact and these payments have already been counted toward the deductible or out of pocket maximum, We will exclude the financially interested third party from the accumulation toward the deductible or out of pocket maximum.

A violation of this provision will result in the premium and cost sharing payments not being accepted which may result in the retroactive termination or cancellation of coverage. Should We reject a payment from a third party, we will inform you in writing of the reason for our rejection and your right to file a complaint with the Wyoming Insurance Department.

SECTION 4—IN-NETWORK PROVIDER NETWORK OPTION

The participation status of a provider in the network will impact the amount that We pay for Covered Medical Expenses. Providers that have signed an agreement to participate in our network are considered In-Network Providers. Providers that have not signed an agreement with Us to participate in our network are considered Out-of-Network Providers. You are responsible for determining whether a provider is an In-Network Provider or an Out-of-Network Provider.

It is not safe to assume that when you are treated at an In-Network Facility, all services are performed by In-Network Providers. Whenever possible, you should arrange for professional services, such as surgery and anesthesiology, to be provided by an In-Network provider.

When you receive Emergency Care Services from Out-of-Network Providers, non-emergency services at an In-Network Facility performed by Out-of-Network Providers, and air ambulance services from Out-of-Network Providers, your cost sharing responsibility will generally be the same as if the services were in network. However, the cost sharing responsibility may be higher if the Out-of-Network Provider has provided you notice and obtained your consent.

Risk-sharing Arrangements By agreement, an In-Network provider may not bill a Covered Person for any amount in excess of the contracted Allowable Fee. However, the agreement does not prohibit the provider from collecting copayments, deductibles, co-insurance, and amounts for non-covered services from the Covered Person. And, if the CO-OP was to become insolvent, an In-Network provider agrees to continue to provide Covered Services to a Covered Person for the duration of the period for which premium was paid to the CO-OP on behalf of the Covered Person. Again, the In-Network provider may only collect applicable copayments, deductibles, co-insurance, and amounts for non-covered services from the Covered Person.

HOW TO SELECT A PRIMARY CARE PHYSICIAN – IN-NETWORK PROVIDER

At the time the Covered Person submits an application they can select a Primary Care Physician or when they receive their ID cards they can call the number specified on the back of the card to select an In-Network Primary Care Physician.

If the Covered Person chooses not to do either, a provider will be assigned to them through two methods. First, if the Covered Person sees an In-Network Primary Care Physician within the first three months and a claim is submitted, that Primary Care Physician will be assigned as the Covered Persons Primary Care Physician. Second, an In-Network Primary Care Physician will be selected by the CO-OP and assigned to the Covered Person if the Covered Person has not completed one of the prior actions to select a Primary Care Physician. If the CO-OP chooses a provider it will be after the first three (3) months of coverage and selected from the In-Network Primary Care Physicians closest to the Covered Person that provides outreach services.

The Covered Person may change their primary care provider at any time simply by calling the specified number on the back of their ID card and requesting a new In-Network Primary Care Physician.

If the Covered Person's In-Network provider stops participating then the Covered Person may request continued treatment from that provider for a period of time after the provider stops participating for a period of 90 days or until the next policy renewal date, whichever is longer. To qualify for continuing care the Covered Person must meet one of the following criteria's: (A) is undergoing a course of treatment for a serious or complex medical condition from the provider or facility, (B) is undergoing a course of institutional or inpatient care from the provider or facility, (C) is scheduled to undergo non-elective surgery from the provider, including receipt of postoperative care from such provider or facility with respect to such surgery, (D) is pregnant and undergoing a course of treatment for the pregnancy from the provider or facility; or (E) is or was determined to be terminally ill and is receiving treatment for such illness from such provider or facility.

A serious and complex condition is (i) in the case of an acute illness, a condition that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm; or (ii) in the case of a chronic illness or condition, a condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time.

WHY YOU MUST CHOOSE A PRIMARY CARE PHYSICIAN

An In-Network Primary Care Physician (PCP) must be selected by the Covered Person or assigned by the CO-OP. Note that once the In-Network Primary Care Physician is selected by the Covered Person or assigned by the CO-OP the Covered Person has no further responsibility to the Primary Care Physician. The assignment of the In-Network Primary Care Physician allows the CO-OP to better track the quality of care being provided and enables the CO-OP and In-Network Physicians to provide educational and medical advice specifically tailored to the needs of that Covered Person.

The In-Network Primary Care Physician is an advisory service to the Covered Person and does not control the medical service a Covered Person may seek. Covered Benefits provided under this Policy are described in Section 5. However, by seeing your PCP on a regular basis and calling him or her first when You have an urgent concern, You will stay healthier and experience fewer medical and ER visits, which means lower Out-of-Pockets costs for You. Your PCP can help You manage any chronic conditions You may have and make personalized recommendations to improve your health.

ARE OUT-OF-NETWORK SERVICES COVERED?

The Covered Person may choose to receive services from an Out-of-Network provider. Benefits will generally be payable at a lower level when an Out-of-Network Provider is voluntarily used. The Covered Person should be aware that in some situations, Out-of-Network providers and facilities may choose to bill Covered Person the difference between Our Allowable Fee and their billed charge, which is a practice known as balance billing. Covered Person will be responsible for the balance billed amount and that balance billed amount could be very large. Covered Person should avoid using Out-of-Network Providers. Refer to the SBC for specific benefit information. Out-of-Network Benefits provided under this Policy are described in Section 5. In certain circumstances, we may directly reimburse the Covered Person for services/supplies obtained from Out-of-Network providers. Effective January 1, 2022, when You receive emergency care of

get treated by an Out-of-Network Provider at an In-Network hospital or ambulatory surgical center, You are protected from surprise/balance billing. See “Surprise Billing” in this Policy for additional information.

WHAT ARE THE RESPONSIBILITIES OF THE COVERED PERSON WHEN USING IN-NETWORK PROVIDERS?

The Covered Person is responsible for ensuring that providers and facilities, at the time of service, are active In-Network Providers participating in the In-Network Organization. It is the responsibility of the Covered Person to utilize the providers and facilities that best meet their needs, keeping in mind the different benefits and payment levels. Covered Benefits provided under this Policy are described in Section 5. When you receive Emergency Care Services from Out-of-Network Providers, non-emergency services at an In-Network Facility performed by Out-of-Network Providers, and air ambulance services from Out-of-Network Providers, your cost sharing responsibility will generally be the same as if the services were in network. However, the cost sharing responsibility may be higher if the Out-of-Network Provider has provided you notice and obtained your consent.

IN-NETWORK ORGANIZATION

The In-Network Provider Organization used for this Policy is administered by University of Utah Health Plans, as shown on page 4, *Important Information*.

OUT-OF-NETWORK EMERGENCY SERVICES

If the Covered Person requires Emergency Services for an Emergency Medical Condition, while the Covered Person is traveling outside of the Service Area of the In-Network Organization, or cannot reasonably reach an In-Network Provider, the benefits payable for Emergency Services received from an Out-of-Network Provider will be the same as would be payable for the services of an In-Network Provider. Your covered expenses are based on out Qualified Payment Amount (QPA) and You are not subject to Balance Billing by the Out-of-Network Provider. Effective January 1, 2022, when You receive emergency care or get treated by an Out-of-Network Provider at an In-Network hospital or ambulatory surgical center, You are protected from surprise/balance billing. See “Surprise Billing” in this Policy for additional information.

If you are admitted to a hospital as an inpatient following the stabilization of your emergency condition, your physician or hospital should contact our Medical Management team at (855) 447-2900 as soon as possible to make a benefit determination on your admission. If you are admitted to an Out-of-Network hospital, the CO-OP may require you to transfer to an In-Network facility once your condition is stabilized in order to continue receiving benefits at the In-Network provider level. Refer to the SBC for Emergency Services benefit detail.

SECTION 5—COVERED BENEFITS

This Policy will pay Covered Medical Expenses for the following Covered Benefits when services are provided by a Covered Provider.

PAYMENT OF BENEFITS

Payment to providers is based on the Allowable Fee. In-Network Providers agree to accept payment of the Allowable Fee for Covered Medical Expenses as full payment. We generally pay In-Network Providers directly.

Out-of-Network Providers have not agreed to accept the Allowable Fee as full payment for Covered Medical Expenses. Out-of-Network Providers may be able to bill the difference between the amount that We pay, if any, and the amount of their billed charge (the balance billed amount). Covered Person will be responsible for the balance billed amount. We may pay you directly for Out-Network Providers. Effective January 1, 2022, when You receive Emergency Care or get treated by an Out-of-Network Provider at an In-Network hospital or ambulatory surgical center, You are protected from surprise/balance billing. See “Surprise Billing” in this Policy for additional information.

Covered Person will be responsible for all copayments, coinsurance and deductibles. Covered Person may be fully responsible for any medical expenses that are not Covered Medical Expenses/Covered Benefits, are not Medically Necessary, are Investigational, and/or for medical expenses for which a benefit maximum has been reached, regardless of whether the provider is an In-Network Provider or an Out-of-Network provider.

Payment of Covered Medical Expenses will be:

1. Based on the Allowable Fee; and
2. Subject to the Deductible, Coinsurance, Copayments, and Annual Out-of-Pocket Maximum stated in the SBC, unless otherwise stated in the SBC or this Section for specified Covered Benefits.

EXCEPTIONS

1. An Indian Health Service;
2. An Indian Tribe;
3. A Tribal Organization;
4. An Urban Indian Organization; or
5. through referral under contract health services;

this Policy will pay Covered Medical Expenses incurred for Covered Benefits on an In-Network basis without the application of: (1) the Deductible; (2) Coinsurance; (3) Annual Out-of-Pocket Maximum; and (4) any applicable Copayments.

However, if services for Covered Benefits shown in Section 5, Covered Benefits, are not rendered directly by an Indian Health Service, an Indian Tribe, a Tribal Organization, an Urban Indian

Organization, or through referral under contract health services, this Policy will pay benefits on:

1. An In-Network basis if the Covered Person, who is an Indian as defined in this Policy, obtains services from an In-Network; or
2. An Out-of-Network basis if the Covered Person, who is an Indian as defined in this Policy, obtains services from a Non-In-Network; and

the Deductible, Coinsurance, Annual Out-of-Pocket Maximum, and any applicable Copayments will apply.

Benefits Paid Without Cost-Sharing Requirements for Certain Covered Persons Who Are Indians

The Deductible, Coinsurance, Annual Out-of-Pocket Maximum, and any applicable Copayments will not apply to a Covered Person who is an Indian, as defined in this Policy, and who:

1. Meets the specific federal government guidelines to exempt such Covered Person from the cost-sharing requirements of this Policy; and

1. Local anesthesia or intravenous (IV) sedation that is considered to be an inclusive service or procedure.
2. Hypnosis;
3. Anesthesia consultations before surgery that are considered to be inclusive services and procedures because the Allowable Fee for the anesthesia performed during the surgery includes the anesthesia consultation; or
4. Anesthesia for dental services or injection of health.

The CO-OP does not deny (or limit or impose additional conditions on) the coverage of routine patient costs for items and services furnished in connection with participation in approved clinical trials. Routine patient costs include all items and services consistent with the coverage provided in the plan (or coverage) that is typically covered for a qualified individual who is not enrolled in a clinical trial. Patient costs do not include the investigational item, device, or service, itself; items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

For more information about your preventive drug benefits, please contact Pharmacy Customer Service at the number listed on the back of your ID Card.

Value Preventive Drug List (VAL): The Value Preventive Drug List provides coverage for designated prescription drugs in specific categories even before you meet your deductible or

out-of-pocket expenses. Covered Persons will not have any cost-share for prescription drugs listed in our value-based preventive drug list. This is in addition to the no-cost share coverage for preventive drugs listed in the Affordable Care Act (ACA) and expands preventive drug coverage. Drugs available under this benefit are listed as VAL under the 3rd column of the PDL list.

SECTION 6—UTILIZATION REVIEW MANAGEMENT PROGRAM

Our Utilization Review Management Program is administered by University of Utah Health Plans. Our Utilization Review Management Program provides for Prospective Utilization Review to assure that certain prescribed Treatments and elective procedures are Medically Necessary and appropriate.

Prospective Utilization Review requires the Covered Person to obtain Preauthorization for certain prescribed Treatments and elective procedures before the Treatments and procedures are rendered. The Covered Person must contact the Utilization Review Management Program representative to obtain the Preauthorization. The Utilization Review Management Program representative is shown on page 4, *Important Information*.

HOW TO USE THE UTILIZATION REVIEW PROGRAM

To use the Utilization Review Management Program, the Covered Person need only to call the Customer Service toll-free telephone number listed on page 4, Important Information. The Covered Person may have the Covered Person's representative place the call. A representative may be the Physician, the Covered Facility, or the Covered Person's authorized representative (e.g., family member). The Utilization Review Management Program representative will give the individual who calls a reference number to verify that the call has been received and a file started.

The individual who calls the Utilization Review Management Program will need to provide the following information:

1. The name and social security number of the Covered Person for whom Treatment has been prescribed and requires Preauthorization;
2. The Policyowner's name and this Policy's Policy Number which is shown in the SBC.
3. The name and telephone number of the attending Physician;
4. The name of the Covered Facility where the Covered Person will be admitted, if applicable;
5. The proposed date of admission, if applicable; and
6. The proposed Treatment.

PLEASE NOTE: Authorization by the Utilization Review Management Program representative does not verify a Covered Person's eligibility for coverage under this Policy, nor is it a guarantee that benefits will be paid for a proposed Treatment. Benefit payment will be made for a Covered Person only in accordance with all the terms and conditions of this Policy.

This Utilization Review Management Program does not include routine claim administration.

UTILIZATION REVIEW DEADLINES

PLAN NOTIFICATION

Plan Notification is recommended for any Inpatient admission, including admissions to a Hospital, Chemical Dependency Treatment Center, Mental Illness Treatment Center, Chemical Dependency or psychiatric residential treatment facility, intensive Outpatient programs, or other medical procedures or services, (or as may be noted for a Covered Benefit), as soon as the Covered Provider recommends or schedules to allow the Utilization Review Management Program to begin working with the Covered Person on the benefit management for the service. If We find the services not medically necessary, You may be responsible for the full cost of the services.

To request a preauthorization Covered Person or Covered Person's provider must call the Preauthorization phone number provided on the website. Preauthorization does not guarantee that services/supplies/medications Covered Person receives are Covered Medical Expenses or that those medical expenses will be paid.

Also, refer to the Complaints, Grievances and Appeals provision, in Section 10, regarding appeals for adverse determinations.

SECTION 7—COORDINATION OF BENEFITS

This Coordination of Benefits (COB) provision applies when the Covered Person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total allowable expense.

DEFINITIONS

- A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Covered Persons of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - 1) “Plan” includes: group and nongroup health insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.
 - 2) Excepted benefits as in WS 26-5-103:
 - (i) Accident only insurance;
 - (ii) Accidental death or dismemberment insurance;
 - (iii) Credit insurance;
 - (iv) Dental or vision care insurance;
 - (v) Medicare supplemental insurance as defined by section 1882(g)(i) of the federal Social Security Act;
 - (vi) Long-term care insurance, including nursing home fixed indemnity insurance, except if the commissioner determines that the insurance provides benefits so comprehensive that it is the equivalent of a health benefit plan and should not be exempt under this section;
 - (vii) Disability income or a combination of accident only and disability income insurance;
 - (viii) Insurance issued as a supplement to liability insurance;
 - (ix) Specified disease insurance;
 - (x) Workers' compensation insurance;

- (xi) Medical payment insurance coverage provided under a motor vehicle insurance policy;
- (xii) Hospital confinement indemnity insurance;
- (xiii) Limited benefit insurance that is offered and marketed as supplemental health insurance and not as a substitute for hospital or medical insurance or major medical expense insurance.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. “This Plan” means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

- C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is Primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

- D. Allowable expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

- 1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
- 2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
- 3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
- 4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan’s payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the

Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary Plan to determine its benefits.

- 5) The amount of any benefit reduction by the Primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and In-Network arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
 - 1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
 - 2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel plan to provide out-of-network benefits.
- B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, Covered Person, policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired

employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Covered Person, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.

- 2) **Dependent Child Covered Under More Than One Plan.** Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
 - b. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The **Plan** covering the **Custodial parent**;
 - The **Plan** covering the spouse of the **Custodial parent**;
 - The **Plan** covering the **non-custodial parent**; and then
 - The **Plan** covering the spouse of the **non-custodial parent**.
 - c. For a dependent child covered under more than one **Plan** of individuals who are the parents of the child, the provisions of (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
- 3) **Active Employee or Retired or Laid-off Employee.** The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired,

is the **Primary Plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary Plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.

- 4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, Covered Person, subscriber or retiree or covering the person as a dependent of an employee, Covered Person, subscriber or retiree is the **Primary Plan** and the COBRA or state or other federal continuation coverage is the **Secondary Plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
- 5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, Covered Person, policyholder, subscriber or retiree longer is the **Primary Plan** and the **Plan** that covered the person the shorter period of time is the **Secondary Plan**.
- 6) If the preceding rules do not determine the order of benefits, the **Allowable Expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This Plan** will not pay more than it would have paid had it been the **Primary Plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

- A. When **This Plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable Expenses**. In determining the amount to be paid for any claim, the **Secondary Plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable Expense** under its **Plan** that is unpaid by the **Primary Plan**. The **Secondary Plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable Expense** for that claim. In addition, the **Secondary Plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more **Closed Panel Plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed Panel Plan**, COB shall not apply between that **Plan** and other **Closed Panel Plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This Plan** and other **Plans**. Our Claims Administrator may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This Plan** and other **Plans** covering the person claiming benefits. Our Claims Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This Plan** must give Our Claims Administrator any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This Plan**. If it does, Our Claims Administrator may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This Plan**. Our Claims Administrator will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Us is more than We should have paid under this **COB** provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

Other Insurance

If no other coordination of benefit rules are applicable, We will credit Covered Person’s deductible, copayment, or coinsurance, as applicable, for any payment made by a casualty or property insurer for Covered Medical Expenses as long as you notify Us of the payment within 12 months of the date of service.

SECTION 9—CLAIM PROVISIONS

No claims have to be submitted when services are provided by an In-Network Provider. However, the Covered Person will need to submit a claim to Our Claims Administrator for reimbursement considerations when the Covered Person receives services from a Non-In-Network Provider/Facility.

HOW TO FILE A CLAIM

When a Covered Person receives services from of an In-Network, no claim form is required to be submitted to Us. However, if the Covered Person uses the services of a Out-of-Network, the Covered Person should file a claim with Us only if the Out-of-Network Provider does not file one for the Covered Person. Instructions on how to file a claim are found on our website at <https://mountainhealth.coop/>

In-Network Providers will automatically file a claim directly to Us on behalf of the Covered Person for whom they provide services. Therefore, the Covered Person is not required to complete and submit a claim to Us.

NOTICE OF CLAIM

Written notice of claim must be given to Us within twelve (12) months after the occurrence or commencement of any loss covered by this Policy or as soon after that date as is reasonably possible. Notice given by or on behalf of the Covered Person or the beneficiary to Us at Our Claims Administration office address is shown on page 4, *Important Information*.

CLAIM FORMS

We will furnish to the claimant such forms as are usually furnished by Us for filing proofs of loss upon request. If such forms are not furnished within fifteen (15) days after the giving of such notice, the claimant will be deemed to have complied with the requirements of this Policy as to proof of loss upon submitting, within the time fixed in this Policy for filing proofs of loss, written proof of covering the occurrence, the character, and the extent of the loss for which claim is made. For immediate receipt of a claim form, You can visit our website at <https://mountainhealth.coop/>

PROOF OF LOSS

Written proof of loss must be furnished to Us at Our Claims Administrator's address is shown on page 4, *Important Information*, within ninety (90) days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible, and in no event, except in the absence of legal capacity, later than one (1) year from the time proof is otherwise required.

TIME PAYMENT OF CLAIMS

Covered Benefits payable under this Policy for any covered loss will be processed in the time period required under this Policy upon receipt of due written proof of such loss.

Timely Settlement of Claims

We will pay or deny a claim within thirty (30) days after receipt of a proof of loss unless We make a reasonable request for additional information or documents in order to evaluate the claim. If We make a reasonable request for additional information or documents, We will pay or deny the claim within forty-five (45) days of receiving the proof of loss unless We have notified You, Your assignee, or the claimant of the reasons for failure to pay the claim in full or unless We have a reasonable belief that insurance fraud has been committed and We have reported the possible insurance fraud to the Commissioner of Insurance. We will have the right to conduct a thorough investigation of all the facts necessary to determine payment of a claim.

If We fail to comply with the above provision and We may be liable for payment of the claim, We will pay an amount equal to the amount of the claim due plus 10% annual interest calculated from the date on which the claim payment was due. For purposes of calculating the amount of interest, a claim is considered due 30 days after Our receipt of the proof of loss or 60 days after receipt of the proof of loss if We made a reasonable request for information or documents. Interest payments must be made to the person who receives the claim payment. Interest is payable under this provision only if the amount of interest due on a claim exceeds \$5.

1. We have actual knowledge of:

PRESCRIPTION DRUG RECOVERY

Following cancellation of your policy, We may perform a pharmacy claim audit. If it is identified that pharmacy claims were paid proceeding the cancellation of the policy, We will initiate the recovery process with the formerly Covered Person up to and including collections.

SUBROGATION

We will be entitled to subrogate against a judgment or recovery received by the Covered Person from a third party found liable for a wrongful act or omission that caused the Injury necessitating benefit payment under this Policy. Such subrogation will be to the extent necessary for reimbursement of benefits paid under this Policy to or on behalf of the Covered Person.

The Covered Person will be required to furnish any necessary information and complete documents needed by Us in order to enforce the right to subrogation. Further, the Covered Person cannot take any action that would prevent Us from pursuing this right of subrogation

Third-Party Liability Provision

If You intend to institute an action for damages against a third party, You must give Us reasonable notice of Your intention to institute the action.

You may request that We pay a proportionate share of the reasonable costs of the third-party action, including attorney fees. However, We may elect not to participate in the cost of the action. If We make an election to participate, We will waive 50% of any subrogation rights granted to Us in accordance with Wyoming state law.

Our right of subrogation may not be enforced until the Injured Covered Person has been fully compensated for the Covered Person's injuries.

SECTION 10—COMPLAINTS, GRIEVANCES AND APPEALS

COMPLAINTS AND GRIEVANCES

We, the CO-OP, have established a Complaint and Grievance process. We contract with University of Utah Health Plans, whose contact information appears on page 5, *Important Information*, to process claims, handle complaints, grievances and appeals on Our behalf through University of Utah Health Plans Customer Service and the University of Utah Health Plans Appeals and Grievances Department, respectively. A complaint involves a communication from the Covered Person expressing discontent or dissatisfaction with services. A grievance involves a complaint of unfair treatment or quality of care received from a provider's staff.

If the Covered Person has a complaint or grievance, the Covered Person may call University of Utah Health Plans Customer Service at the telephone number which appears on page 4, *Important Information*. The University of Utah Health Plans Customer Service representative will make every effort to resolve the issue within one (1) business day. If more time is needed, to resolve the matter, the University of Utah Health Plans Customer Service representative will notify the Covered Person of the extended time needed to respond.

The Covered Person may also file a written complaint. The mailing address of University of Utah Health Plans Customer Service appears on page 5, *Important Information*. Written complaints or grievances will be acknowledged within three (3) working days of receipt. The Covered Person will be notified of the response to or resolution of this matter within thirty (30) days of the Covered Person's written complaint or grievance.

CLAIMS PROCEDURES

A "Claim" is any request for a Policy benefit or benefits made for a Covered Person in accordance with this Policy's claims procedure. A communication regarding benefits that is not made in accordance with these procedures will not be treated as a Claim under these procedures.

The initial benefit claim determination notice will be included in the Covered Person's explanation of benefits (EOB) or in a letter from Us. Written notification will be provided whether or not the decision is adverse.

The Covered Person becomes a "Claimant" when the Covered Person makes a request for a benefit or benefits in accordance with this Policy's claims procedures.

An Authorized Representative may act on behalf of a Claimant with respect to a benefit claim or appeal under these claims procedures. Claimants should complete and submit an Appointment of Authorized Representative form in order to appoint an authorized representative. For post-service claims, no person (including a treating health care professional) will be recognized as an authorized representative until We receive an Appointment of Authorized Representative form signed by the Claimant. For other claims, We will recognize a health care professional with knowledge of the Claimant's medical condition as the Claimant's authorized representative

unless the Claimant provides specific written direction otherwise.

An Appointment of Authorized Representative form may be obtained from, and completed forms must be submitted to the University of Utah Health Plans Customer Service Department at the address listed on page 4, *Important Information*. An assignment for purposes of payment does not constitute appointment of an authorized representative under these claims procedures. Once an Authorized Representative is appointed, the We will direct all information, notification, etc., regarding the claim to the authorized representative. The Claimant will be copied on all notifications regarding decisions, unless the claimant provides specific written direction otherwise.

Any reference in these claims procedures to Claimant is intended to include the authorized representative of such Claimant appointed in compliance with the above procedures.

NOTIFICATION OF ADVERSE CLAIM DETERMINATION

1. Adverse benefit determination on a claim is “adverse” if it is: (a) a rescission or a denial, reduction, or termination of; or (b) a failure to provide or make payment (in whole or in part) for a Policy benefit.
2. Notification of adverse benefit determination, in writing, will be provided to the Claimant of the adverse benefit determination on a claim and will include the following, in a manner calculated to be understood by the Claimant:
 - a. A statement of the specific reason(s) for the decision. If the adverse benefit determination is a rescission, the notice, sent at least thirty (30) days in advance of implementing the rescission decision will include (a) clear identification of the alleged fraudulent act, practice, or omission or the intentional misrepresentation of material fact; (b) an explanation of why the act, practice or omission was fraudulent or was an intentional misrepresentation of a material fact; (c) the date when the advance notice period ends and the date to which coverage is to be retroactively rescinded;
 - b. Reference(s) to the specific Policy provision(s) on which the decision is based;
 - c. If applicable, a description of any additional material or information necessary to perfect the claim and why such information is necessary;
 - d. A description of this Policy’s procedures and time limits for appeal of the decision, and the right to obtain information about those procedures, contact information for a consumer appeal assistance program, and if applicable, a statement of the right to sue in federal court;
 - e. If applicable, a statement disclosing any internal rule, guidelines, protocol or similar criterion relied on in making the adverse decision (or a statement that such information will be provided free of charge upon request);
 - f. If the decision involves scientific or clinical judgment, either: (a) an explanation of the scientific or clinical judgment applying the terms of the Policy to the Claimant’s medical circumstances; or (b) a statement that such explanation will be provided at no charge upon request;

- g. In the case of an urgent care claim, an explanation of the expedited review methods available for such claims, and
- h. A statement that reasonable access to and copies of all documents and records and other information relevant to the adverse benefit determination will be provided, upon request and free of charge.

Notification of the adverse decision on an urgent care claim may be provided orally, but written notification shall be furnished not later than three days after the oral notice.

YOUR RIGHT TO APPEAL

A Covered Person has a right to file a request for an internal and external review of an adverse benefit determination, including a recession in compliance with W.S. 26-40-201 under these claim procedures.

1. **How to File An Appeal.** If a Claimant disagrees with an adverse benefit determination, the Claimant (or authorized representative) may appeal the decision within 180 days from receipt of the adverse benefit determination. With the exception of urgent care claims, the appeal must be made in writing, should list the reasons why the Claimant does not agree with the adverse benefit determination, and must be sent to the address given for the University of Utah Health Plans Appeals and Grievances Department. If the Claimant (or authorized representative) is appealing an urgent care claim, the Claimant may appeal the claim verbally by calling the telephone number listed for urgent care appeals listed on the inside cover of this Policy.

The Claimant may ask for Request for Review forms which may be obtained by contacting the University of Utah Health Plans, Appeals Committee Chairperson, 6053 Fashion Square Dr., Suite 110, Murray, UT 84107. A Request for Review form or a written appeal will be treated as received by the University of Utah Health Plans Appeals and Grievances Department (a) on the date it is hand-delivered to the above address and room; or (b) on the date that it is deposited in the U.S. Mail for first-class delivery in a properly stamped envelope containing the above name and address. The postmark on any such envelope will be proof the date of mailing. Written appeals must be sent to the University of Utah Health Plans Appeals and Grievances Department following address shown on page 5. The Claimant has the right to contact the Wyoming Insurance Department for assistance with an appeal. They can be reached at 106 E 6th Avenue, Cheyenne, WY 82002, (307)-777-7401.

2. **Access to Documents.** The Claimant will, on request and free of charge, be given reasonable access to, and copies of, all documents, records or other information relevant to the Claimant's claim for benefits. If the advice of a medical or vocational expert was obtained in connection with the initial benefit determination, the names of each such expert will be provided on request by the Claimant, regardless of whether the advice was relied on by Us.
3. **Submission of Comments.** A Claimant has the right to submit documents, written comments, or other information in support of an appeal.
4. **Important Appeal Deadline.** The appeal of an adverse benefit determination must be

filed within 180 days following the Claimant's receipt of the notification of adverse benefit determination, except that the appeal of a decision to reduce or terminate an initially approved course of treatment (see the definition of concurrent care decision) must be filed within 180 days of the Claimant's receipt of the notification of the decision to reduce or terminate. Failure to comply with this important deadline may cause a Claimant to forfeit any right to any further review of an adverse decision under these procedures or in a court of law.

5. **Urgent Care Appeals.** In light of the expedited timeframes for decision of urgent care claims, an urgent care appeal may be submitted to the University of Utah Health Plans Appeals and Grievances Department by mail, telephone or electronically; refer to page 5, *Important Information*, for contact information. The claim should include at least the following information:

- a. The identity of the Claimant;
- b. A specific medical condition or symptom;
- c. A specific treatment, service, or product for which approval or payment is requested; and
- d. Any reasons why the appeal should be processed on a more expedited basis.
- e. If a physician with knowledge of the Claimant's medical condition determines the claim involves urgent care, We will treat the claim as an urgent care claim.
- f. If an urgent care claim is incomplete or was not properly submitted, We will notify the Claimant, or Claimant's authorized representative about the incomplete or improper submission no later than twenty-four (24) hours from Our receipt of the claim. Our notification will contain a reference to a specific Covered Person, a specific medical condition or symptom, and a specific health care service, treatment, or health care provider for which approval is being requested. The Claimant will have at least forty-eight (48) hours to provide the necessary information. We will notify the Claimant of the initial claim determination no later than twenty-four (24) hours after the earlier of the dates We receive the specific information requested or the due date for the requested information.
- g. Requests for an extension of a previously approved time period for treatments or number of treatments, and if the Claimant's claim involves urgent care, We will review the claim and notify the Claimant of Our determination no later than twenty-four (24) hours from the date We received the Claimant's claim, provided the Claimant's claim was filed at least twenty-four (24) hours prior to the end of the approved time period or number of treatments.

6. **Evidence Consideration.** The review of the claim on appeal will take into account all evidence, testimony, new and additional records, documents or other information the Claimant submitted relating to the claim, without regard to whether such information was submitted or considered in making the initial adverse benefit determination.

If the University of Utah Health Plans Grievances and Appeals Department considers, relies on or generates new or additional evidence in connection with its review of the claim, it will provide the Claimant with the new or additional evidence free of charge as soon as possible and with sufficient time to respond before a final determination is

required to be provided by the University of Utah Health Plans Grievances and Appeals Department. If the University of Utah Health Plans Grievances and Appeals Department relies on new or additional reasons in denying the Claimant's claim on review, the University of Utah Health Plans Appeals and Grievances Department will provide the Claimant with the new or additional reasons as soon as possible and with sufficient time to respond before a final determination is required to be provided by the University of Utah Health Plans Appeals and Grievances Department.

7. **Scope of Review.** The independent and impartial person who reviews and decides the Claimant's appeal will be a different individual than the person who decided the initial adverse benefit determination and will not be a subordinate of the person who made the initial adverse benefit determination. The review on appeal will not give deference to the initial adverse benefit determination and will be made anew. The University of Utah Health Plans Appeals and Grievances Department will not make any decision regarding hiring, compensation, termination, promotion or other similar matters with respect to the individual selected to conduct the review on appeal based upon how the individual will decide the appeal.
8. **Medical Professionals.** In the event that a claim is denied on the grounds of medical judgment, the University of Utah Health Plans Appeals and Grievances Department will consult with a health professional with appropriate training and experience. The health care professional who is consulted on appeal will not be the same person who was consulted, if any, regarding the initial benefit determination or a subordinate of that person.

TIME PERIOD FOR NOTIFICATION OF FINAL INTERNAL ADVERSE BENEFIT DETERMINATIONS

1. **Urgent Care Claims.** Urgent Care Claims Appeals will be completed as soon as possible, taking into account the medical exigencies, but no later than seventy-two (72) hours after receipt by the University of Utah Health Plans Appeals and Grievances Department of the written appeal or completed Request for Review form. The University of Utah Health Plans Appeals and Grievances Department will notify the Claimant and/or the Covered Person's Authorized Representative verbally and provide a follow-up written notice no later than seventy-two (72) hours after receipt of the appeal request.

"Urgent Care Claim" is a claim for medical care to which applying the time periods for making pre-service claims decisions could seriously jeopardize the claimant's life, health or ability to regain maximum function or would subject the claimant to severe pain that cannot be adequately managed without the care that is the subject of the claim. If the treating Physician determines the claim is "urgent," the Plan must treat the claim as urgent.

2. **Pre – and Post-Service Claims.** The appeal of a pre-service claim shall be decided within a reasonable time appropriate to the medical circumstances no later than thirty (30) days after receipt by the University of Utah Health Plans Appeals and Grievances Department of the written appeal or completed Request for Review form. The appeal of a post-service claim will be decided within a reasonable period but no later than forty-five (45) days after receipt by the University of Utah Health Plans Appeals and Grievance Department of the written appeal or completed Request for Review form.

“Pre-Service Claim” is a request for approval of a benefit in which the terms of the Plan condition the receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. Examples of a Pre-Service Claim include but are not limited to a Pre-Certification of general items or health services or a request for Pre-Determination to determine coverage for a specific procedure.

“Post-Service Claim” is a claim that under this Plan is not a Pre-Service Claim (i.e., a claim that involves consideration of payment or reimbursement of costs for medical care that has already been provided).

3. **Concurrent Care Claims.** The appeal of a decision to reduce or terminate an initially approved course of treatment will be decided before the proposed reduction or termination takes place. The University of Utah Health Plans Appeals and Grievances Department will decide the appeal of a denied request to extend any concurrent care decision in the appeal timeframe for pre-service, urgent care, or post-service claims described above, as appropriate to the request.

“Concurrent Care” is when the Claimant has more than one medical condition existing and more than one Physician actively treats the condition related to their expertise, each physician can demonstrate medical necessity, and the treatments are provided on the same date(s). For example, an orthopedic surgeon cares for the patient’s fracture while the hospitalist oversees diabetes and hypertension management.

4. **Rescission Claims.** The appeal of a decision to rescind coverage due to a fraud or intentional misrepresentation of a material fact will be decided no later than sixty (60) days from the date the University of Utah Health Plans Appeals and Grievances Department received the Claimant’s appeal.

NOTIFICATION OF FINAL INTERNAL ADVERSE BENEFIT DETERMINATION

1. If the decision on appeal upholds, in whole or in part, the initial adverse benefit determination, the final internal adverse benefit determination notice will be provided, in writing, to the Claimant and will include the following, written in a manner calculated to be understood by the Claimant:
 - a. The specific reason(s) for the final internal adverse benefit determination, including a discussion of the decision. If the final internal adverse benefit determination upholds a rescission, the notice will include: (1) the basis for the fraud; or (2) intentional misrepresentation of a material fact;
 - b. A reference to the specific Policy provision(s) on which the decision is based, including identification of any standard relied upon in this Policy to deny the claim (such as a medical necessity standard), on which the final internal adverse benefit determination is based;
 - c. A description of the internal appeal and external review procedures (and for urgent care claims only, a description of the expedited review process applicable to such claims);
 - d. If applicable, a statement describing the Claimant’s right to request an external review and the time limits for requesting an external review;

- e. If applicable, a statement disclosing any internal rule, guidelines, protocol or similar criterion relied on in making the final internal adverse benefit determination (or a statement that such information will be provided free of charge upon request);
 - f. If applicable, an explanation of the scientific or clinical judgment for any final internal adverse benefit determination that is based on a medical necessity or an experimental treatment or similar exclusion or limitation as applied to the claimant's medical circumstances; or a statement that such explanation will be provided at no charge on request;
 - g. Contact information for a consumer appeal assistance program and, if applicable, a statement of the claimant's right to file a civil action under Section 502(a) of ERISA; and
 - h. A statement indicating entitlement to receive on request, and without charge, reasonable access to or copies of all documents, records, or other information relevant to the determination.
2. Notification of an adverse decision on appeal of an urgent care claim may be provided orally, but written notification shall be furnished not later than three days after the oral notice.

EXTERNAL REVIEW PROCEDURES

1. In most cases, and except as provided in this section, the Claimant must follow and exhaust the internal appeals process outlined above before the Claimant may submit a request for external review. In addition, external review is limited to only those adverse benefit determinations that involve:
 - a. Rescissions of coverage; and
 - b. Medical judgment, including those adverse benefit determinations that are based on requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit or adverse benefit determinations that certain treatments are experimental or investigational.

STANDARD EXTERNAL REVIEW

1. A Claimant (or someone acting on the Claimant's behalf) may request external review of an adverse benefit determination within 120 days after the date of receipt of a notice of an adverse benefit determination or a final internal adverse benefit determination. You must first exhaust all levels in internal appeals before you can apply for an external review. The request for external review must be submitted in writing, using an approved External Review Request Form, to the University of Utah Health Plans Appeals and Grievances Department at the address

indicated on page 5 of this Policy or by calling (844) 262-1560.

The request shall be made in duplicate and include a fee of fifteen dollars (\$15.00) payable by check or money order payable to the Office of the Wyoming State Treasurer.

- The fee may be waived for a Covered Person whose income is at or below the current federal poverty level guidelines and who files a financial hardship application available upon request from the Wyoming Insurance Department.
- The CO-OP is responsible for the costs of an external review by an independent review organization; and
- Covered Persons have the right to an expedited review under the circumstances where a delayed review would adversely affect the Covered Person.

When filing a request for external review, the claimant will be required to authorize the release of any medical records of the claimant that may be required to be reviewed for the purpose of reaching a decision on the external review.

Within five (5) business days following the date of receipt of the external review request, a preliminary review of the request will be performed to determine whether:

- a. The Claimant is (or was) covered under this Policy at the time the health care item or service was requested or, in the case of retrospective review, the Claimant was covered under this Policy at the time the health care item or service was provided;
 - b. The adverse benefit determination or final internal adverse benefit determination is not based on the fact that the Claimant was not eligible for coverage under this Policy;
 - c. The Claimant has exhausted this Policy's internal appeal process (unless exhaustion is not otherwise required); and
 - d. The Claimant has provided all the information, forms and fee required to process an external review, including the release of medical records form.
2. Within five (5) days of receipt of an external review request, the University of Utah Health Plans will send a copy of the request to the Commissioner together with a fifteen dollar (\$15.00) fee.
 3. The Claimant, Commissioner and, if applicable, the Covered Person's authorized representative will be notified of the results of the preliminary review within one business day after completion of the preliminary review. If the request is incomplete, the notice must describe the information, materials, etc., needed to complete the request, and set forth the time limit for the Claimant to provide the additional information needed: (a) the longer of the initial four month period within which to request an external review; or (2) if later, forty-eight (48) hours (or such longer period specifically identified in the notice) after the receipt of the notice.
 4. If the request is not eligible for external review, the University of Utah Health Plans Appeals and Grievances Department will: (a) outline the reasons for ineligibility in the

notice; and (b) provide the Claimant with contact information for the U.S. Employee Benefits Security Administration (toll free number is shown on page 5, *Important Information*.).

5. If the request is eligible for external review, the University of Utah Appeals and Grievance Department will assign the request to an Independent Review Organization (IRO) that has been approved by the Commissioner to conduct the external review. The University of Utah Appeals and Grievance Department does not choose the IRO.
6. After assignment, the University of Utah Health Plans will notify the Covered Person and, if applicable, the Covered Person's authorized representative, of the requests eligibility and acceptance for external review. The notice must include a provision that the Covered Person or the Covered Person's authorized representative may submit in writing to the assigned independent review organization additional information for consideration by the independent review organization. The notice should state that such information shall be submitted within five (5) business days following the date of receipt of the notice.

EXTERNAL REVIEW PROCESS

1. **Submission of Documents.** Within 5 business days after the date the IRO is assigned, by the commissioner, the University of Utah Health Plans Appeals and Grievances Department must submit the documents and any information considered in making the benefits denial to the IRO. Failure to timely provide such documents and information will not constitute cause for delaying the external review. Failure to timely provide the documents and information will allow the IRO to terminate the external review and reverse the adverse benefit determination or final internal adverse benefit determination. If the IRO does so, it must notify the Claimant and the University of Utah Health Plans Appeals and Grievances Department within one (1) business day of making the decision.
2. **Reconsideration.** On receiving any information submitted by the Claimant, the IRO must forward the information to the University of Utah Health Plans Appeals and Grievances Department within one (1) business day. The University of Utah Health Plans Appeals and Grievances Department may then reconsider its adverse benefit determination or final internal adverse benefit determination. If the University of Utah Health Plans Appeals and Grievances Department decides to reverse its adverse benefit determination or final internal adverse benefit determination, it must provide written notice to the Claimant, Commissioner and the IRO within one (1) business day after making the decision. On receiving this notice, the IRO will end its external review.
3. **Standard of Review.** The IRO will review all the information and documents timely received. The IRO will review the claim de novo and is not bound by any decisions or conclusions reached under Our internal claims and appeals process. In addition to the documents and information timely received, and to the extent the information or documents are available, the IRO will consider the following in reaching a decision:

- a. The Claimant's medical records;
- b. The Claimant's treating provider's or providers' recommendations;
- c. Reports from appropriate health care professionals and other documents, opinions, and recommendations submitted by Us, University of Utah Health Plans Appeals and Grievances Department, and the Claimant;
- d. The terms and conditions of this Policy, including specific coverage provisions, to ensure that the IRO's decision is not contrary to the terms and conditions of this Policy, unless the terms and conditions do not comply with applicable law;
- e. Appropriate practice guidelines, which must include applicable evidence-based standards;
- f. Any applicable clinical review criteria developed and used by Us unless the criteria: (1) are inconsistent with the terms and conditions of this Policy; and (2) do not comply with applicable law;
- g. The applicable medical policies of this Policy;
- h. The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider them appropriate.

4. Notice of Decision. The IRO will send written notice of its decision to the Claimant and the University of Utah Health Plans Appeals and Grievances Department within 45 days after the IRO receives the request for external review. The notice will include:

- a. A general description of the reason for the external review request, including: (1) information sufficient to identify the claim; and (2) the reason for the prior denial;
- b. The date the IRO received the assignment to conduct the external review and the date of the IRO's decision;

1. Expedited External Review may be requested when:
 - a. An adverse benefit determination involves: (1) a medical condition with regard to which the timeframe for completing an expedited internal appeal under the interim final regulations would seriously jeopardize the Claimant's life, health, or ability to regain maximum function; and (2) a request for an expedited internal appeal has been filed; or
 - b. 2. The request for an expedited external review must be made in writing to the University of Utah Health Plans Appeals and Grievances Department at the address indicated on page 5, *Important Information*.
3. Upon receipt of an expedited external review request, the University of Utah Health Plans will immediately send a copy of the request to the Commissioner together with a fifteen dollar (\$15.00) fee.
4. Immediately upon receipt of the request for an expedited external review, a determination will be made as to whether the request meets the requirements earlier set forth above in Standard External Review. If the request is eligible for external review, the University of Utah Health Plans Appeals and Grievances Department will assign the request to an Independent Review Organization (IRO) at random that has been approved by the Commissioner to conduct the expedited external review. The University of Utah Health Plans Appeals and Grievances Department does not choose the IRO.
5. The University of Utah Health Plans will provide all necessary documents and information

considered in making the denial of the claim to the assigned IRO.

6. The University of Utah Health Plans will immediately notify the Commissioner and the claimant, and if applicable, the claimant's authorized representative of its eligibility determination. The Claimant will be notified of the determination, and an IRO will be assigned as described above in Standard External Review.
7. The Standard or Review, Notice of Decision and Compliance with IRO decision will apply as set forth above in these sections applicable to Standard External Review, except that the IRO will provide written notice of the final decision to the Claimant no more than 72 hours after the IRO receives the request for an external review. NOTICE OF PROTECTION PROVIDED BY WYOMING LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the Wyoming Life and Health Insurance Guaranty Association (“the Association”) and the protection it provides for policyholders. This safety net was created under Wyoming law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company or health maintenance organization becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Wyoming law, with funding from assessments paid by other insurance companies and health maintenance organizations.

The basic protections provided by the Association are:

Life Insurance

\$300,000 in death benefits
\$100,000 in cash surrender or withdrawal values

Health Insurance

\$300,000 in health benefit plan benefits
\$300,000 in disability insurance benefits
\$300,000 in disability income insurance
\$300,000 in long-term care insurance benefits
\$100,000 in other types of health insurance benefits

Annuities

\$250,000 in present value of benefits including net withdrawal and net cash values
The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$500,000.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer or health maintenance organization does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Wyoming law.

EXCLUSIONS FROM COVERAGE

Policy owners, contract owners, policy holders, certificate holders and enrollees are not protected by this Association if: they are eligible for protection under the laws of another state (this may occur when the insolvent insurer or health maintenance organization was incorporated in another state whose guaranty association protects Covered Persons who live outside that state); the insurer or health maintenance organization was not authorized to do business in this state; their policy was issued by a fraternal benefit society, a mandatory state pooling plan, a stipulated premium insurance company, a local mutual burial association, a mutual assessment company or similar plan in which the policy-holder is subject to future assessments, by an insurance exchange, or by an entity similar to those listed here.

The Association also does not provide coverage for: any policy or portion of a policy which is not guaranteed by the insurer or health maintenance organization or for which the individual has assumed the risk, such as a variable contract sold by prospectus, claims based on side letters or other documents, or misrepresentations of or regarding policy benefits; any policy of reinsurance (unless an assumption certificate was issued pursuant to the reinsurance policy or contract); interest rate yields that exceed an average rate or interest earned on an equity indexed policy; dividends; experience rating credits given in connection with the administration of a policy to a group contract holder; annuity contracts issued by a nonprofit insurance company exclusively for the benefit of nonprofit educational institutions and their employees; unallocated annuity contracts (which give rights to group contract holders, not individuals); any plan or program of an employer or association that provides life, health or annuity benefits to its employees or Covered Persons to the extent the plan is self-funded or uninsured; an obligation that does not arise under the express written terms of the policy or contract; any policy providing benefits under Medicare Part C, Medicare Part D or Medicaid; rights to receive payments acquired through a structured settlement factoring transaction.

Disclosures to You: The CO-OP is required to disclose to you most of your PHI in a designated record set when you request access to this information. A designated record contains medical and billing records as well as other records that are used to make decisions about your health care benefits. The CO-OP also is required to provide, upon your request, an accounting of most disclosures of your PHI that are for reasons other than payment and health care operations and not disclosed through signed authorization. The CO-OP will disclose your PHI to an individual who has been designated by you as your personal representative and who has qualified for such designation in accordance with applicable state law. The company will not be bound unless the agreement is so memorialized in writing.

You must inform the company that confidential communication by alternative means or to an alternative location is required to avoid endangering you. You must make your request in writing and you must state that the information could endanger you if it is not communicated by the alternative means or to the alternative location requested. The company must accommodate the request if it is reasonable, specifies the alternative means or location, and continues to permit us to collect premium and pay claims under your health plan. To inspect and copy your PHI, you must submit a request to the CO-OP privacy official using the contact information found at the bottom of this Notice. The CO-OP may deny your request to inspect or copy in certain limited circumstances. If you are denied access to your information, you may request that the denial be reviewed. To request a review, you must contact the CO-OP Privacy Office. A licensed health care professional chosen by us will review your request and the denial. The person performing the review will not be the same one who denied your initial request. Under certain conditions, the denial will not be reviewable.

Breach Notification: You have the right to receive notice of a breach. We are required to notify you by first class mail or by e-mail (if you have indicated a preference to receive information by e-mail), of any breaches of Unsecured Protected Health Information as soon as possible, but in any event, no later than 60 days following the discovery of the breach. “Unsecured Protected Health Information” is information that is not secured through the use of a technology or methodology identified by the Secretary of the U.S. Department of Health and Human Services to render the Personal Health Information unusable, unreadable, and undecipherable to unauthorized users.

The notice is required to include the following information:

A brief description of the breach, including the date of the breach and the date of its discovery, if known; a description of the type of Unsecured Personal Health Information involved in the breach; steps you should take to protect yourself from potential harm resulting from the breach; a brief description of the actions we are taking to investigate the breach, mitigate losses, and protect against further breaches; and contact information, including a toll-free telephone number, e-mail address, Web site, or postal address to permit you to ask questions or obtain additional information.

If the breach involves more than 500 individuals in the state or jurisdiction, we will send notices to prominent media outlets. If the breach involves more than 500 individuals, we are required to immediately notify the Secretary of Health and Human Services. We also are required to submit an annual report to the Secretary of Health and Human Services of a breach that involves less than 500 individuals during the year, and we will maintain a written log of breaches involving less than 500 patients.

Right to a Copy of this Notice: You have the right to request a copy of this Notice at any time by contacting the CO-OP Privacy Office. If you receive this Notice on the CO-OP website or by electronic mail, you are entitled to request a paper copy.

Potential Impact of State Law:

The HIPAA Privacy Rule regulations generally do not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, the extent state law applies, the privacy laws of state, or other federal laws, rather than the HIPAA Privacy Rule regulations, might impose a privacy standard under which the CO-OP will be required to operate. For example, where such laws have been enacted, the CO-OP will follow more stringent state privacy laws that relate to uses and disclosures of PHI concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, etc.

Complaints, Questions and Concerns:

If you want more information concerning our privacy practices, or you have questions or concerns, please contact our Privacy Office. If you are concerned that: (1) the company has violated your privacy rights; (2) you disagree with a decision made about access to your medical information or in response to a request you made to amend or restrict the use or disclosure of your medical information; (3) to request that the company communicate with you by alternative means or at alternative locations, you may complain to us using the contact information below. You may also submit a written complaint to the U.S. Department of Health and Human Services. The address to

file a complaint with the U.S. Department of Health and Human Services will be provided upon request.

The CO-OP supports your right to protect the privacy of your medical information. There will be no retaliation in any way if you choose to file a complaint with Mountain Health Cooperative or with the U.S. Department of Health and Human Services.

Health Plan Notices 2020

Women's Health & Cancer Rights Act

The Women's Health & Cancer Rights Act (WHCRA) requires health plans to make certain benefits available to participants who have undergone or who are going to have a mastectomy. In particular, a plan must offer mastectomy patients benefits for:

- Covered under the employer-sponsored medical plan, and
- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Your plans comply with these requirements.

Newborns' and Mothers' Health Protection Act

The Newborns' and Mothers' Health Protection Act (the Newborns' Act) provides protections for mothers and their newborn children relating to the length of their hospital stays following childbirth. Under the Newborns' Act, group health plans may not restrict benefits for mothers or newborns for a hospital stay in connection with childbirth to less than 48 hours following a vaginal delivery or 96 hours following a delivery by cesarean section. The 48-hour (or 96-hour) period starts at the time of delivery, unless a woman delivers outside of the hospital. In that case, the period begins at the time of the hospital admission.

The attending provider may decide, after consulting with the mother, to discharge the mother and/or her newborn child earlier. The attending provider cannot receive incentives or disincentives to discharge the mother or her child earlier than 48 hours (or 96 hours).

Health Insurance Portability & Accountability Act Non-discrimination Requirements

The Health Insurance Portability & Accountability Act (HIPAA) prohibits group health plans and

health insurance issuers from discriminating against individuals with respect to premiums, eligibility or benefits based on an individual's health factors.

These health factors include: health status, medical condition (including both physical and mental illness), claims experience, receipt of health care, medical history, genetic information, evidence of insurability and disability.

Special Enrollment rights

The Health Plan Portability & Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans that allow a special opportunity to enroll in a new plan in certain circumstances.

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan (except dental and vision plans elected separately from your medical plans) if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days (60 days if the lost coverage was Medicare or Healthy Families) after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.

To request special enrollment or obtain more information, contact our office.

HIPAA Special Enrollment Opportunities include:

- COBRA (or state continuation of coverage) exhaustion.
- Loss of other health insurance coverage.
- Acquisition of a dependent through marriage, birth, adoption or place for adoption.

Becoming eligible for a State Medicaid or premium assistance subsidy (CHIPRA).

SECTION 13-YOUR RIGHTS AND PROTECTIONS AGAINST SURPRISE MEDICAL BILLS

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is “balance billing” (sometimes called “surprise billing”)? When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or be required to pay the entire bill if you see a provider or visit a health care facility that isn’t in your health plan’s network. Out-of-Network Providers may be permitted to bill you for the difference between Our plan Allowable Amount and the full amount charged for a service. This is called “balance billing.” This amount is likely more than In-Network costs for the same service and might not count toward your annual Out-of-Pocket limit. “Surprise billing” is an unexpected balance bill. This can happen when You can’t control who is involved in your care—like when You have an emergency or when You schedule a visit at an In-Network facility but are unexpectedly treated by an Out-of-Network provider.

You are protected from balance billing for: Emergency Services If you have an emergency medical condition and get emergency Services from an Out-of-Network Provider or facility, the most the provider or facility may bill you is your plan’s In-Network cost-sharing amount (such as copayments and coinsurance). You can’t be balance billed for these Emergency Services. This includes services You may get after you’re in stable condition, unless You give written consent and give up Your protections not to be balanced billed for these post-stabilization services.

Please Note for Montana Members: In Montana for air ambulance services provided by a non-Montana hospital controlled out of network air ambulance service for an emergency medical condition the insurer or health plan shall assume the Member’s responsibility, if any, for amounts charged in excess of allowed amounts under the plan. The Member is still responsible for applicable copayments, coinsurance and deductibles as if the air ambulance services were In-Network. An insurer or health plan shall pay or deny the claim and notify a covered person of any deductible, coinsurance, or copayment that is the Member’s responsibility to pay within 30 days of receiving an air ambulance claim as described above. Mont. Code Ann. § 33-2-2301 et seq.

When You receive services from an In-Network hospital or ambulatory surgical center, certain providers there may be Out-of-Network. In these cases, the most those providers may bill You your plan’s In-Network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers can’t balance bill You and may not ask You to give up your protections not to be balance billed. If You get other services at these In-Network facilities, Out-of-Network providers can’t balance bill You, unless You give written consent and give up Your protections.

You're never required to give up Your protections from balance billing. You also aren't required to get care Out-of-Network. You can choose a provider or facility in Your plan's network. When balance billing isn't allowed, You also have the following protections:

- You are only responsible for paying Your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network).
- We will pay Out-of-Network providers and facilities directly.
- We generally must:
 - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may contact the No Surprises Help Desk (NSHD) at 1-800-985-3059 or visit <https://www.cms.gov/nosurprises> for more information on your protections under federal law.
