If the Covered Employee or Covered Dependent qualifies for COBRA Continuation Coverage and receives services that would be for Covered Benefits, before enrolling and paying the premium for COBRA Continuation Coverage, the Covered Employee or Covered Dependent will be required to pay for those services. We will reimburse the Covered Employee or Covered Dependent for Covered Medical Expenses incurred for Covered Benefits, less required cost-sharing or other any payments required by to be paid by the Covered Employee or Covered Dependent, after the Covered Employee or Covered Dependent enrolls and pay the required premium for the COBRA Continuation Coverage, and submit a claim for those Covered Medical Expenses incurred for the Covered Benefits provided under this Group Policy.

SECTION 3 - PREMIUMS

PAYMENT OF PREMIUM

All premium, any charges or fees for this Group Policy (hereinafter referred to as “premium”) must be paid to Us. The premium for this Group Policy is shown in the SBC. If You do not pay premiums when due, this Group Policy will terminate subject to the Grace Period. The Premium Due Date is shown in the SBC.

GRACE PERIOD –

After the first due premium payment, if a premium is not paid on or before the date it is due, it may be paid during the next thirty-one (31) days. These thirty-one (31) days are called the Grace Period. Coverage under this Group Policy will remain in force during the Grace Period. If any premium is unpaid at the end of the Grace Period, this Group Policy will automatically terminate effective as of the last paid through date. However, We will not terminate this Group Policy until We have mailed or delivered to You at Your last-known business address shown in Our records a written notice, in addition to any billing statement, stating the date this Group Policy’s termination will become effective, which will not be earlier than:

- II. The date of mailing or delivery of notice of termination for nonpayment of premiums if the notice of termination for nonpayment of premiums is not mailed or delivered within fifteen (15) days after the premium due date for the applicable policy period.

We will give such termination notice to You at least thirty (30) days in advance of termination for nonpayment of premiums.

PREMIUM RATE CHANGES

Subject to rate requirements applicable in the state of Idaho, where this Group Policy is issued, We may change the rates for this Group Policy on any Policy Anniversary Date after this Group Policy has been in force for 12 months. However, the rates may be changed sooner than 12 months if a premium increase is necessitated by: (1) a state or federal law; (2) court decision; or (3) rule adopted by an agency of competent jurisdiction of the state or federal government. Any rate change will be made only when We change the rates for all policies in the same rate class on the same form as this Group Policy that are issued in the state of Idaho.

Such notice will be mailed to the Insured Employee’s last known address as shown in Our records. In the event of termination of this Group Policy, We will refund the prorated portion of the unearned premium to the next billing cycle

SECTION 4 – IN-NETWORK PROVIDER NETWORK OPTION

IN-NETWORK PROVIDER ORGANIZATION NETWORK

The In-Network Provider Network (also referred to as “PPO Network”) shown on page 4, *Important Information*, is the In-Network Provider Network being used for this Group Policy to provide In- Network services for Covered Benefits.

The Member may choose to go to any Covered Provider. However, there are advantages when receiving services from an In-Network Provider participating in the PPO Network. The In-Network Provider network for those covered by this Policy is the Small Group Network.

FREEDOM OF CHOICE PROVIDER

The Member is not required to go to an In-Network Provider. At the time of service, Treatment may be obtained from an In-Network Provider or an Out-of-Network Provider. However, to maximize benefit reimbursement level under this Group Policy, an In-Network Provider must be used. Covered Members do not have to obtain Preauthorization to use the services of any In-Network Provider, however, Preauthorization may be required for certain Treatments or services as specified in this Group Policy.

Please refer to “*Using an In-Network Provider*” and “*Using an Out-of-Network Provider*” in this Section, and the Schedule of Benefits for more details regarding the benefit amounts that will be paid under this Group Policy when using an In-Network Provider or Out-of-Network Provider.

A list of the In-Network Provider Network’s participating Covered Providers may be obtained from the In-Network Provider Network by:

- I. Calling the PPO Network at the telephone number shown on page 4, *Important Information*; or
- II. Retrieving In-Network Provider information on our Website, as shown on page 5, *Important Information*.

The list of In-Network Providers will be updated periodically, at least monthly. The Covered Member must confirm current In-Network Provider status of a Covered Provider prior to receiving services from such Covered Provider. An In-Network Provider’s contract with the PPO Network must be in effect at the time services are received by the Covered Member.

BENEFITS OF USING AN IN-NETWORK PROVIDER

If the Member uses the services of an In-Network Provider, benefits will generally be reimbursed at a higher level (“In-Network” level benefits) as shown in the Schedule of Benefits. The In-Network Provider’s contract with the PPO Network must be in effect at the time the In-Network Provider provides services to the Covered Member in order for In-Network level benefits to apply.

In-Network Providers have agreed to accept the Allowable Fee as full payment for their payment for services rendered to Members for Covered Benefits under this Group Policy. The Member is not responsible for charges exceeding the Allowable Fee when services are provided by an In-Network Provider.

USING AN OUT-OF-NETWORK PROVIDER

If the Covered Member uses the services of an Out-of-Network Provider:

- I. Covered Medical Expenses will generally be reimbursed at a lower level (“Out-of- Network” level benefits) as shown in the Schedule of Benefits; and
- II. The Out-of-Network Provider’s billed amount and the Allowable Fee. We will only pay benefits up to the Allowable Fee for services provided by the Out-of-Network Provider.

OUT-OF-NETWORK EMERGENCY SERVICES

If the Covered Member requires Emergency Services for an Emergency Medical Condition, while the Covered Member is traveling outside of the Service Area of the In-Network Organization, but cannot reasonably reach an In-Network Provider, the benefits payable for Emergency Services received from an Out-of-Network Provider will be the same as would be payable for the services of an In-Network Provider. Your covered expenses are based on our Qualified Payment Amount (QPA) and You are not subject to Balance Billing by the Out-of-Network Provider. Effective January 1, 2022, when You receive emergency care or get treated by an Out-Of-Network Provider at an In-Network hospital or ambulatory surgical center, You are protected from surprise/balance billing. See “Surprise Billing” in this Policy for additional information.

If you are admitted to a hospital as an inpatient following the stabilization of your emergency condition, your physician or hospital should contact our Medical Management team at (855) 447-2900 as soon as possible to make a benefit determination on your admission. If you are admitted to an Out-of-Network hospital, the CO-OP may require you to transfer to an In-Network facility once your condition is stabilized in order to continue receiving benefits at the In-Network provider level. Refer to the Schedule of Benefits for Emergency Services benefit details.

WHY IT’S IMPORTANT TO CHOOSE A PRIMARY CARE PHYSICIAN

We strongly encourage all Members to select an In-Network Primary Care Physician (PCP). Note that once the In-Network Primary Care Physician is selected by the Covered Member or assigned by the CO-OP the Covered Member has no further responsibility to the Primary Care Physician. The assignment of the In-Network Primary Care Physician allows the CO-OP to better track the quality of care being provided and enables the CO-OP and In-Network Physicians to provide educational and medical advice specifically tailored to the needs of that Covered Member.

The In-Network Primary Care Physician is an advisory service to the Covered Member and does not control the medical service a Covered Member may seek. Covered Benefits provided under this Policy are described in Section 5. However, by seeing your PCP on a regular basis and calling him or her first when You have an urgent concern, You will stay healthier and experience fewer medical and ER visits, which means lower Out-of-Pockets costs for You. Your PCP can help You manage any chronic conditions You may have and make personalized recommendations to improve your health.

SECTION 5 – COVERED BENEFITS

This Policy will pay Covered Medical Expenses for the following Covered Benefits when services are provided by a Covered Provider.

PAYMENT OF BENEFITS

Payment to providers is based on the Allowable Fee. In-Network Providers agree to accept payment of the Allowable Fee for Covered Medical Expenses as full payment. We generally pay In-Network Providers directly.

Out-of-Network Providers have not agreed to accept the Allowable Fee as full payment for Covered Medical Expenses. Out-of-Network Providers can bill the difference between the amount that We pay, if any, and the amount of their billed charge (the balance billed amount). Member will be responsible for the balance billed amount. We may pay you directly for Out-Network Providers. Effective January 1, 2022, when You receive Emergency Care or get treated by an Out-Of-Network Provider at an In-Network hospital or ambulatory surgical center, You are protected from surprise/balance billing. See “Surprise Billing” in this Policy for additional information.

Members will be responsible for all copayments, coinsurance and deductibles. Members may be fully responsible for any medical expenses that are not Covered Medical Expenses/Covered Benefits, are not Medically Necessary, are Investigational, and/or for medical expenses for which a benefit maximum has been reached, regardless of whether the provider is an In-Network Provider or an Out-of-Network provider.

Payment of Covered Medical Expenses will be:

- I. Based on the Allowable Fee; and
- II. Subject to the Deductible, Coinsurance, Copayments, and Annual Out-of-Pocket Maximum stated in the SBC, unless otherwise stated in the SBC or this Section for specified Covered Benefits.

- II. An Indian tribe or tribal organization
- III. Local, state or federal government programs, including grantees directed by a government program to make payments on its behalf

We will also accept third party payments from individuals such as family and friends, religious institutions and other not-for-profit organizations when all of the following criteria are met:

- I. The assistance is provided on the basis of the Covered Member’s financial need
- II. The institution/organization is not a healthcare provider

institutions/organizations that are subject to direct or indirect control of entities with a pecuniary interest in the payment of health insurance claims.

We do not count any financially interested third party cost-sharing payments toward deductibles or out of pocket maximums. If We discover financially interested third party payments of this type after the fact and these payments have already been counted toward the deductible or out of pocket maximum, We will exclude the financially interested third party from the accumulation toward the deductible or out of pocket maximum.

Should We reject a payment from a third party, we will inform you in writing of the reason for our rejection and your right to file a complaint with the Idaho Department of Insurance.

Covered Prescription Drugs are provided in the Prescription Drug Formulary for this Policy. The formulary may be obtained on Our website, <https://www.mountainhealth.coop/pharmacy>, or by calling the Customer Service number appearing on page 5, Important Information.

Prescription drug benefits described in the SBC are arranged by Tiers to provide a structure for Member cost-sharing in each category. Specialty medications are Tier 4 medications in the list of covered drugs (formulary). Certain Tier 4 specialty medications may require prior authorization or have quantity limits. Also, refer to the Complaints, Grievances and Appeals provision, in Section 10, regarding appeals for adverse determinations.

SECTION 7 – COORDINATION OF BENEFITS

This Coordination of Benefits (COB) provision applies when the Member has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total allowable expense.

DEFINITIONS

- I. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - a. "Plan" includes: group and non-group health insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.
 - b. "Plan" does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, if determined by the commissioner to be "excepted benefits" as defined in 33-22-140, MCA; school accident type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.
- II. Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
- III. "This Plan" means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- IV. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is Primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

- V. Allowable expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable

Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense. The following are examples of expenses that are not Allowable expenses:

- a. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
- b. If a person is covered by two or more Plans that compute their benefit payments on the basis of relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
- c. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
- d. If a person is covered by one Plan that calculates its benefits or services on the basis of relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary Plan to determine its benefits.
- e. The amount of any benefit reduction by the Primary Plan because a Member has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and In-Network arrangements.
- I. Closed Panel Plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- II. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- I. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
- II. Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
- III. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel plan to provide out-of-network benefits.

- IV. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- V. Each Plan determines its order of benefits using the first of the following rules that apply:
 - a. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, Member, policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Member, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 - b. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - c. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - d. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - e. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
 - f. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - 1. The Plan covering the Custodial parent;
 - 2. The Plan covering the spouse of the Custodial parent;
 - 3. The Plan covering the non-custodial parent; and then
 - 4. The Plan covering the spouse of the non-custodial parent.
 - v. For a dependent child covered under more than one Plan of individuals who are the parents of the child, the provisions of (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
 - g. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary

Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.

- h. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, Member, subscriber or retiree or covering the person as a dependent of an employee, Member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.
- i. Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, Member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
- j. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

EFFECT ON THE BENEFITS OF THIS PLAN

- I. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- II. If a Member is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. Our Claims Administrator may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. Our Claims Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Our Claims Administrator any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, Our Claims Administrator may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. Our Claims Administrator will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Us is more than We should have paid under this COB provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

OTHER INSURANCE

If no other coordination of benefit rules are applicable, We will credit Member’s deductible, copayment, or coinsurance, as applicable, for any payment made by a casualty or property insurer for Covered Medical Expenses as long as you notify Us of the payment within 12 months of the date of service.

However, the Covered Member will need to submit a claim to the University of Utah Health Plans Customer Service Department for reimbursement considerations when the Covered Member receives services from an Out-of-Network Provider.

HOW TO FILE A CLAIM

When a Covered Member receives services from of an In-Network, no claim form is required to be submitted to Us. However, if the Covered Member uses the services of an Out-of-Network, the Covered Member should file a claim with Us only if the Out-of-Network Provider does not file one for the Covered Member. Instructions on how to file a claim are found on our website at <https://www.mountainhealth.coop/>

In-Network Providers will automatically file a claim directly to Us on behalf of the Covered Member for whom they provide services. Therefore, the Covered Member is not required to complete and submit a claim to Us.

NOTICE OF CLAIM

Written notice of claim must be given to Us within twelve (12) months after the occurrence or commencement of any loss covered by this Group Policy or as soon after that date as is reasonably possible. Notice given by or on behalf of the Covered Member or the beneficiary to Us at Our Claims Administration office address is shown on page 4, Important Information.

CLAIM FORMS

We will furnish to the claimant such forms as are usually furnished by Us for filing proofs of loss upon request within 15 days of notice. You can also receive such form by visiting our website at <https://www.mountainhealth.coop/>

PROOF OF LOSS

Written proof of loss must be furnished to Us at Our Claims Administrator's address is shown on page 4, Important Information, within ninety (90) days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible, and in no event, except in the absence of legal capacity, later than one (1) year from the time proof is otherwise required.

TIME PAYMENT OF CLAIMS

Benefits payable under this Group Policy for any covered loss will be processed in the time-period required under this Policy, upon receipt of due written proof of such loss.

Timely Settlement of Claims

If We make a reasonable request for additional information or documents, We will pay or deny the claim within sixty (60) days of

receiving the proof of loss unless We have notified the Covered Member, the Covered Member's assignee, or the claimant of the reasons for failure to pay the claim in full or unless We have a reasonable belief that insurance fraud has been committed and We have reported the possible insurance fraud to the Commissioner of Insurance. We will have the right to conduct a thorough investigation of all the facts necessary to determine payment of a claim.

If We fail to comply with the above provision and We may be liable for payment of the claim, We will pay an amount equal to the amount of the claim due plus 10% annual interest calculated from the date on which the claim payment was due. For purposes of calculating the amount of interest, a claim is considered due 30 days after Our receipt of the proof of loss or 60 days after receipt of the proof of loss if We made a reasonable request for information or documents. RIGHT TO RECOVER

After We pay any claim under this Group Policy, We have the right to perform any review or audit for reconsidering the validity of the claim and requesting reimbursement for payment of an invalid claim or overpayment of a claim within twelve (12) months. The twelve-month period for Our review or audit will not begin until:

- I. We have actual knowledge of:
- II. An invalid claim;

Such subrogation will be to the extent necessary for reimbursement of benefits paid under this Group Policy to or on behalf of the Covered Member.

The Covered Member will be required to furnish any necessary information and complete documents needed by Us in order to enforce the right to subrogation. Further, the Covered Member cannot take any action that would prevent Us from pursuing this right of subrogation

Third-Party Liability Provision

If the Covered Member intends to institute an action for damages against a third party, the Covered Member must give Us reasonable notice of the Covered Member's intention to institute the action.

The Covered Member may request that We pay a proportionate share of the reasonable costs of the third-party action, including attorney fees. However, We may elect not to participate in the cost of the action. If We make an election to participate, We will waive 50% of any subrogation rights granted to Us in accordance with state law.

Our right of subrogation may not be enforced until the Injured Covered Member has been fully compensated for the Covered Member's injuries.

SECTION 10 – COMPLAINTS, GRIEVANCES AND APPEALS

COMPLAINTS AND GRIEVANCES

We, the CO-OP, have established a Complaint and Grievance process. We contract with U of U Health Plans Health Plans, Inc., whose contact information appears on page 5, *Important Information*, to process claims, handle complaints, grievances and appeals on Our behalf through U of U Health Plans Customer Service and the U of U Health Plans Appeals and Grievances Department, respectively. A complaint involves a communication from the Covered Member expressing discontent or dissatisfaction with services. A grievance is the same as an appeal.

If the Covered Member has a complaint, the Covered Member may call the U of U Customer Service at the telephone number which appears on page 5, *Important Information*. The U of U Health Plans Customer Service representative will make every effort to resolve the issue within one (1) business day. If more time is needed, to resolve the matter, the U of U Customer Service representative will notify the Covered Member of the extended time needed to respond.

The Covered Member may also file a written complaint. The mailing address of U of U Health Plans Customer Service appears on page 4, *Important Information*. The Covered Member will be notified of the response to or resolution of this matter within thirty (30) days of the Covered Member's written complaint.

CLAIMS PROCEDURES

A "Claim" is any request for a Policy benefit or benefits made for a Covered Member in accordance with this Policy's claims procedure. A communication regarding benefits that is not made in accordance with these procedures will not be treated as a Claim under these procedures.

The initial benefit claim determination notice will be included in the Covered Member's explanation of benefits (EOB) or in a letter from Us. Written notification will be provided whether or not the decision is adverse.

The Covered Member becomes a "Claimant" when the Covered Member makes a request for a benefit or benefits in accordance with this Policy's claims procedures.

An Authorized Representative may act on behalf of a Claimant with respect to a benefit claim or appeal under these claims procedures. Claimants should complete and submit an Appointment of Authorized Representative form in order to appoint an authorized representative. No person (including a treating health care professional) will be recognized as an authorized representative until We receive an Appointment of Authorized Representative form signed by the Claimant.

An Appointment of Authorized Representative form may be obtained from and completed forms must be submitted to the University of Utah Health Plans Customer Service Department at the address listed on page 4, *Important Information*. An assignment for purposes of payment does not constitute appointment of an authorized representative under these claims procedures. Once an Authorized Representative is appointed, the We will direct all information, notification, etc., regarding the claim to the authorized representative. The

Claimant will be copied on all notifications regarding decisions, unless the claimant provides specific written direction otherwise.

Any reference in these claims procedures to Claimant is intended to include the authorized representative of such Claimant appointed in compliance with the above procedures.

NOTIFICATION OF ADVERSE CLAIM DETERMINATION

- I. Adverse benefit determination on a claim is “adverse” if it is: (a) a rescission or a denial, reduction, or termination of; or (b) a failure to provide or make payment (in whole or in part) for a Policy benefit.
- II. Notification of adverse benefit determination, in writing, will be provided to the Claimant of the adverse benefit determination on a claim and will include the following, in a manner calculated to be understood by the Claimant:
 - a. A statement of the specific reason(s) for the decision. If the adverse benefit determination is a rescission, the notice, sent at least thirty (30) days in advance of implementing the rescission decision will include (a) clear identification of the alleged fraudulent act, practice, or omission or the intentional misrepresentation of material fact; an explanation of why the act, practice or omission was fraudulent or was an intentional misrepresentation of a material fact; the date when the advance notice period ends and the date to which coverage is to be retroactively rescinded;
 - b. Reference(s) to the specific Policy provision(s) on which the decision is based;
 - c. If applicable, a description of any additional material or information necessary to perfect the claim and why such information is necessary
 - d. A description of this Policy’s procedures and time limits for appeal of the decision, and the right to obtain information about those procedures, contact information for a consumer appeal assistance program, and if applicable, a statement of the right to sue in federal court;
 - e. If applicable, a statement disclosing any internal rule, guidelines, protocol or similar criterion relied on in making the adverse decision (or a statement that such information will be provided free of charge upon request);
 - f. If the decision involves scientific or clinical judgment, either:
 - i. an explanation of the scientific or clinical judgment applying the terms of the Policy to the Claimant’s medical circumstances; or
 - ii. a statement that such explanation will be provided at no charge upon request;
 - g. In the case of an urgent care claim, an explanation of the expedited review methods available for such claims, and
 - h. A statement that reasonable access to and copies of all documents and records and other information relevant to the adverse benefit determination will be provided, upon request and free of charge.

Notification of the adverse decision on an urgent care claim may be provided orally, but written notification shall be furnished not later than three days after the oral notice.

YOUR RIGHT TO APPEAL

A Covered Member has a right to appeal an adverse benefit determination, including a rescission, under these claims procedures.

How to File An Appeal. If a Claimant disagrees with an adverse benefit determination, the Claimant (or authorized representative) may appeal the decision within 180 days from receipt of the adverse benefit determination. With the exception of urgent care claims, the appeal must be made in writing, should list the reasons why the Claimant does not agree with the adverse benefit determination, and must be sent to the address given for the University of Utah Health Plans Appeals and Grievances Department. If the Claimant (or authorized representative) is appealing an urgent care claim, the Claimant may appeal the claim verbally by calling the telephone number listed for urgent care appeals listed on the inside cover of this Policy.

The Claimant may ask for Request for Review forms which may be obtained by contacting the U of U Health Plans Appeals and Grievances Department. A Request for Review form or a written appeal will be treated as received by the U of U Health Plans Appeals and Grievances Department (a) on the date it is hand-delivered to the above address and room; or (b) on the date that it is deposited in the U.S. Mail for first-class delivery in a properly stamped envelope containing the above name and address. The postmark on any such envelope will be proof the date of mailing. Written appeals must be sent to the U of U Health Plans Appeals and Grievances Department address shown on page 5.

Access to Documents. The Claimant will, on request and free of charge, be given reasonable access to, and copies of, all documents, records or other information relevant to the Claimant's claim for benefits. If the advice of a medical or vocational expert was obtained in connection with the initial benefit determination, the names of each such expert will be provided on request by the Claimant, regardless of whether the advice was relied on by Us.

Submission of Comments. A Claimant has the right to submit documents, written comments, or other information in support of an appeal.

Important Appeal Deadline. The appeal of an adverse benefit determination must be filed within 180 days following the Claimant's receipt of the notification of adverse benefit determination, except that the appeal of a decision to reduce or terminate an initially approved course of treatment (see the definition of concurrent care decision) must be filed within 180 days of the Claimant's receipt of the notification of the decision to reduce or terminate. Failure to comply with this important deadline may cause a Claimant to forfeit any right to any further review of an adverse decision under these procedures or in a court of law.

Urgent Care Appeals. In light of the expedited timeframes for decision of urgent care claims, an urgent care appeal may be submitted to the University of Utah Health Plans Appeals and Grievances Department by mail or telephone; refer to page 5, Important Information, for contact information. The claim should include at least the following information:

- I. The identity of the Claimant;
- II. A specific medical condition or symptom;
- III. A specific treatment, service, or product for which approval or payment is requested; and
- IV. Any reasons why the appeal should be processed on a more expedited basis.

Evidence Consideration. The review of the claim on appeal will take into account all evidence, testimony, new and additional records, documents or other information the Claimant submitted relating to the claim, without regard to whether such information was submitted or considered in making the initial adverse benefit determination.

If the University of Utah Health Plans Grievances and Appeals Department considers, relies on or generates new or additional evidence in connection with its review of the claim, it will provide the Claimant with the new or additional evidence free of charge as soon as possible and with sufficient time to respond before a final

determination is required to be provided by the University of Utah Health Plans Grievances and Appeals Department. If the University of Utah Health Plans Grievances and Appeals Department relies on new or additional reasons in denying the Claimant's claim on review, the University of Utah Health Plans Appeals and Grievances Department will provide the Claimant with the new or additional reasons as soon as possible and with sufficient time to respond before a final determination is required to be provided by the University of Utah Health Plans Appeals and Grievances Department.

Scope of Review. The independent and impartial person who reviews and decides the Claimant's appeal will be a different individual than the person who decided the initial adverse benefit determination and will not be a subordinate of the person who made the initial adverse benefit determination. The review on appeal will not give deference to the initial adverse benefit determination and will be made anew. The University of Utah Health Plans Appeals and Grievances Department will not make any decision regarding hiring, compensation, termination, promotion or other similar matters with respect to the individual selected to conduct the review on appeal based upon how the individual will decide the appeal.

Medical Professionals. In the event that a claim is denied on the grounds of medical judgment, the University of Utah Health Plans Appeals and Grievances Department will consult with a health professional with appropriate training and experience. The health care professional who is consulted on appeal will not be the same person who was consulted, if any, regarding the initial benefit determination or a subordinate of that person.

TIME PERIOD FOR NOTIFICATION OF FINAL INTERNAL ADVERSE BENEFIT DETERMINATIONS

Urgent Care Claims. Urgent Care Claims Appeals will be completed as soon as possible, taking into account the medical exigencies, but no later than seventy-two (72) hours after receipt by the University of Utah Health Plans Appeals and Grievances Department of the written appeal or completed Request for Review form. The University of Utah Health Plans Appeals and Grievances Department will notify the Claimant and/or the Covered Member's Authorized Representative verbally and provide a follow-up written notice no later than seventy-two (72) hours after receipt of the appeal request.

"Urgent Care Claim" is a claim for medical care to which applying the time periods for making pre-service claims decisions could seriously jeopardize the claimant's life, health or ability to regain maximum function or would subject the claimant to severe pain that cannot be adequately managed without the care that is the subject of the claim. If the treating Physician determines the claim is "urgent," the Plan must treat the claim as urgent.

Pre and Post-Service Claims. The appeal of a pre-service claim shall be decided within a reasonable time appropriate to the medical circumstances no later than thirty (30) days after receipt by the University of Utah Health Plans Appeals and Grievances Department of the written appeal or completed Request for Review form. The appeal of a post-service claim will be decided within a reasonable period but no later than sixty (60) days after receipt by the University of Utah Health Plans Appeals and Grievance Department of the written appeal or completed Request for Review form.

"Pre-Service Claim" is a request for approval of a benefit in which the terms of the Plan condition the receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. Examples of a Pre-Service Claim include but are not limited to a Pre-Certification of general items or health services or a request for Pre-Determination to determine coverage for a specific procedure.

“Post-Service Claim” is a claim that under this Plan is not a Pre-Service Claim (i.e., a claim that involves consideration of payment or reimbursement of costs for medical care that has already been provided).

Concurrent Care Claims. The appeal of a decision to reduce or terminate an initially approved course of treatment will be decided before the proposed reduction or termination takes place. The University of Utah Health Plans Appeals and Grievances Department will decide the appeal of a denied request to extend any concurrent care decision in the appeal timeframe for pre-service, urgent care, or post-service claims described above, as appropriate to the request.

“Concurrent Care” is when the Claimant has more than one medical condition existing and more than one Physician actively treats the condition related to their expertise, each physician can demonstrate medical necessity, and the treatments are provided on the same date(s). For example, an orthopedic surgeon cares for the patient’s fracture while the hospitalist oversees diabetes and hypertension management.

NOTIFICATION OF FINAL INTERNAL ADVERSE BENEFIT DETERMINATION

If the decision on appeal upholds, in whole or in part, the initial adverse benefit determination, the final internal adverse benefit determination notice will be provided, in writing, to the Claimant and will include the following, written in a manner calculated to be understood by the Claimant:

- I. The specific reason(s) for the final internal adverse benefit determination, including a discussion of the decision. If the final internal adverse benefit determination upholds a rescission, the notice will include: (1) the basis for the fraud; or (2) intentional misrepresentation of a material fact;
- II. A reference to the specific Policy provision(s) on which the decision is based, including identification of any standard relied upon in this Policy to deny the claim (such as a medical necessity standard), on which the final internal adverse benefit determination is based;
- III. A description of the internal appeal and external review procedures (and for urgent care claims only, a description of the expedited review process applicable to such claims);
- IV. If applicable, a statement describing the Claimant’s right to request an external review and the time limits for requesting an external review;
- V. If applicable, a statement disclosing any internal rule, guidelines, protocol or similar criterion relied on in making the final internal adverse benefit determination (or a statement that such information will be provided free of charge upon request);
- VI. If applicable, an explanation of the scientific or clinical judgment for any final internal adverse benefit determination that is based on a medical necessity or an experimental treatment or similar exclusion or limitation as applied to the claimant’s medical circumstances; or a statement that such explanation will be provided at no charge on request;
- VII. Contact information for a consumer appeal assistance program and, if applicable, a statement of the claimant’s right to file a civil action under Section 502(a) of ERISA; and
- VIII. A statement indicating entitlement to receive on request, and without charge, reasonable access to or copies of all documents, records, or other information relevant to the determination.

Notification of an adverse decision on appeal of an urgent care claim may be provided orally, but written notification shall be furnished not later than three days after the oral notice.

EXTERNAL REVIEW PROCEDURES

Please read this notice carefully. It describes a procedure for review of a disputed health claim by a qualified professional who has no affiliation with us. If you request an independent external review of your claim, the decision made by the independent reviewer will be binding and final on us. You will have the right to further review of your claim by a court, arbitrator, mediator or other dispute resolution entity only if your claim is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as more fully explained below under “Binding Nature of the External Review Decision.”

If we issue a final Adverse Benefit Determination of your request to provide or pay for a health care service or supply, you may have the right to have our decision reviewed by health care professionals who have no association with us. You have this right only if our denial decision involved:

- I. The Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of your health care service or supply, or
- II. Our determination that your health care service or supply was Investigational.

For purposes of the External Review the following definitions will be used:

Medically Necessary or Medical Necessity means treatment, services, medicines, or supplies that are necessary and appropriate for the diagnosis or treatment of an Covered Member's Illness, Injury, or medical condition according to accepted standards of medical practice.

- I. Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the Covered Member's illness, injury or disease;
- II. Not primarily for the convenience of the Covered Member, physician or other health care provider; and
- III. Not more costly than an alternative service or sequence of services or supply, and at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the Covered Member's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible medical or scientific evidence.

Investigational/Experimental Service

Any technology (service, supply, procedure, treatment, drug, device, facility, equipment or biological product), which is in a developmental stage or has not been proven to improve health outcomes such as length of life, quality of life, and functional ability. A technology is considered investigational if, as determined by Us, it fails to meet any one of the following criteria:

- I. The service/technology has final approval from the appropriate government regulatory bodies;
- II. Medical or scientific evidence regarding the service/technology is sufficiently comprehensive to permit well substantiated conclusions concerning the safety and effectiveness of the service/technology;
- III. The service/technology's overall beneficial effects on health outweigh the overall harmful effects on health;

- IV. The service/technology is as beneficial as any established alternative. When used under the usual conditions of medical practice, the service/technology should be reasonably expected to satisfy the criteria of paragraphs (c) and (d) of this subsection; and
- V. The service/technology must show improvement that is attainable outside the investigational setting. Improvements must be demonstrated when used under the usual conditions of medical practice.

If a service/technology is determined to be investigational, all services associated with the service/technology, including but not limited to associated procedures, treatments, supplies, devices, equipment, facilities or drugs will also be considered investigational.

You must first exhaust our internal grievance and appeals process. Exhaustion of that process includes completing all levels of appeal or, unless you requested or agreed to a delay, our failure to respond to a standard appeal within 35 days in writing or to an urgent appeal within three business days of the date you filed the appeal. We may also agree to waive the exhaustion requirement for an external review request. You may file for an internal urgent appeal with us and for an expedited external review with the Idaho Department of Insurance at the time if your request qualifies as an “urgent treatment request” defined below.

You may submit a written request for an external review to:

Idaho Department of Insurance
ATTN: External Review
700 W State St. 3rd Floor
Boise, ID 83720-0043

Your written external review request to the Department of Insurance must include a completed form authorizing the release of any of your medical records the independent review organization may require to reach a decision on the external review, including any judicial review of the external review decision pursuant to ERISA, if applicable. The Department of Insurance will not act on an external review request without your completed authorization form.

If your request qualifies for external review, our final Adverse Benefit Determination will be reviewed by an independent review organization selected by the Department of Insurance. We will pay the costs of the review.

- II. Within 14 days after we receive your request from the Department of Insurance, we will determine if the request is eligible. Within five business days after we complete that review, we will notify you and the Department of Insurance in writing if the request is eligible or what additional information is needed. If we deny your request for review, you may appeal that determination to the Department of Insurance.
- III. If your request is eligible for review, the Department of Insurance will assign an independent review organization to your review within seven days of receipt of our notice. The Department of Insurance will also notify you in writing.
- IV. Within seven days of the date you receive the Department of Insurance notice of assignment to an independent review organization, you may submit any additional information in writing to the independent review organization for consideration.
- V. The independent review organization must provide written notice of its decision to you, us, and the Department of Insurance within 42 days after receipt of an external review request.

EXPEDITED EXTERNAL REVIEW PROCESS

You may file a written “urgent treatment request” with the Department of Insurance for an expedited external review of a pre-service or concurrent service denial. You may file for an internal urgent appeal with us and for an expedited external review with the department at the same time.

“**Urgent treatment request**” means a claim relating to an admission, availability of care, continued stay or health care service for which the Covered Member received emergency service but has not been discharged from a facility, or any pre-service or concurrent care claim for medical care or treatment for which application of the time periods for making a regular external review determination:

- I. Could seriously jeopardize your life or health or your ability to regain maximum function
- II. In the opinion of the treating health care professional with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the disputed care or treatment; or
- III. The treatment would be significantly less effective if not promptly initiated.

The Department of Insurance will send your request to us. We will determine, within two full business days, if your request is eligible for review. We will notify you and the Department of Insurance no later than one business day if your request is eligible. If we deny your request for review, you may appeal that determination to the Department of Insurance.

If your request is eligible for review, the Department of Insurance will assign an independent review organization to your review upon receipt of our notice. The Department of Insurance will also notify you. The independent review organization must provide notice of its decision to you, us, and the Department of Insurance within 72 hours after the date of receipt of the external review request. The independent review organization must provide written confirmation of its decision within 48 hours of notice of its decision. If the decision reverses our denial, we will, not later than one business day after receiving notice of the decision, notify you and the Department of Insurance of our intent to pay the covered benefit.

Binding Nature of the External Review Decision: If your plan is subject to federal ERISA laws (generally, any plan offered through an employer to its employees), the external review decision by the independent review

organization will be final and binding on us. You may have additional review rights provided under federal ERISA laws.

If your plan is not subject to ERISA requirements, the external review decision by the independent review organization will be final and binding on both you and us. **This means that if you elect to request external review, you will be bound by the decision of the independent review organization. You will not have any further opportunity for review of our denial after the independent review organization issues its final decision.** If you choose not to use the external review process, other options for resolving a disputed claim may include mediation, arbitration, or filing an action in court.

Under Idaho law, the independent review organization is immune from any claim relating to its opinion rendered or acts or omissions performed within the scope of its duties unless performed in bad faith or involving gross negligence.

The person performing the review will not be the same one who denied your initial request. Under certain conditions, the denial will not be reviewable.

Breach Notification: You have the right to receive notice of a breach. We are required to notify you by first class mail or by e-mail (if you have indicated a preference to receive information by e-mail), of any breaches of Unsecured Protected Health Information as soon as possible, but in any event, no later than 60 days following the discovery of the breach. “Unsecured Protected Health Information” is information that is not secured through the use of a technology or methodology identified by the Secretary of the U.S. Department of Health and Human Services to render the Personal Health Information unusable, unreadable, and undecipherable to unauthorized users.

The notice is required to include the following information:

A brief description of the breach, including the date of the breach and the date of its discovery, if known; a description of the type of Unsecured Personal Health Information involved in the breach; steps you should take to protect yourself from potential harm resulting from the breach; a brief description of the actions we are taking to investigate the breach, mitigate losses, and protect against further breaches; and contact information, including a toll-free telephone number, e-mail address, Web site, or postal address to permit you to ask questions or obtain additional information.

If the breach involves more than 500 individuals in the state or jurisdiction, we will send notices to prominent media outlets. If the breach involves more than 500 individuals, we are required to immediately notify the Secretary of Health and Human Services. We also are required to submit an annual report to the Secretary of Health and Human Services of a breach that involves less than 500 individuals during the year, and we will maintain a written log of breaches involving less than 500 patients.

Right to a Copy of this Notice: You have the right to request a copy of this Notice at any time by contacting the CO-OP Privacy Office. If you receive this Notice on the CO-OP website or by electronic mail, you are entitled to request a paper copy.

POTENTIAL IMPACT OF STATE LAW:

The HIPAA Privacy Rule regulations generally do not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, the extent state law applies, the privacy laws of state, or other federal laws, rather than the HIPAA Privacy Rule regulations, might impose a privacy standard under which the CO-OP will be required to operate. For example, where such laws have been enacted, the CO-OP will follow more stringent state privacy laws that relate to uses and disclosures of PHI concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, etc.

COMPLAINTS, QUESTIONS AND CONCERNS:

If you want more information concerning our privacy practices, or you have questions or concerns, please contact our Privacy Office. If you are concerned that:

- I. the company has violated your privacy rights;
- II. you disagree with a decision made about access to your medical information or in response to a request you made to amend or restrict the use or disclosure of your medical information;
- III. to request that the company communicate with you by alternative means or at alternative locations, you may complain to us using the contact information below. You may also submit a written complaint to the U.S. Department of Health and Human Services. The address to file a complaint with the U.S. Department of Health and Human Services will be provided upon request.

The CO-OP supports your right to protect the privacy of your medical information. There will be no retaliation in any way if you choose to file a complaint with Mountain Health Cooperative or with the U.S. Department of Health and Human Services.

GROUP HEALTH PLAN NOTICES 2020

Women’s Health & Cancer Rights Act

The Women’s Health & Cancer Rights Act (WHCRA) requires group health plans to make certain benefits available to participants who have undergone or who are going to have a mastectomy. In particular, a plan must offer mastectomy patients benefits for:

- Covered under the employer-sponsored medical plan, and
- All stages of reconstruction of the breast on which the mastectomy was performed;

- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Your plans comply with these requirements.

Newborn's and Mothers' Health Protection Act

The Newborn's and Mother's Health Protection Act (the Newborns' Act) provides protections for mothers and their newborn children relating to the length of their hospital stays following childbirth. Under the Newborns' Act, group health plans may not restrict benefits for mothers or newborns for a hospital stay in connection with childbirth to less than 48 hours following a vaginal delivery or 96 hours following a delivery by cesarean section. The 48-hour (or 96-hour) period starts at the time of delivery, unless a woman delivers outside of the hospital. In that case, the period begins at the time of the hospital admission.

The attending provider may decide, after consulting with the mother, to discharge the mother and/or her newborn child earlier. The attending provider cannot receive incentives or disincentives to discharge the mother or her child earlier than 48 hours (or 96 hours).

Health Insurance Portability & Accountability Act Non-discrimination Requirements

The Health Insurance Portability & Accountability Act (HIPAA) prohibits group health plans and health insurance issuers from discriminating against individuals with respect to premiums, eligibility or benefits based on an individual's health factors.

These health factors include: health status, medical condition (including both physical and mental illness), claims experience, receipt of health care, medical history, genetic information, evidence of insurability and disability.

Special Enrollment rights

The Health Plan Portability & Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans that allow a special opportunity to enroll in a new plan in certain circumstances.

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan (except dental and vision plans elected separately from your medical plans) if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days (60 days if the lost coverage was Medicare or Healthy Families) after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.

To request special enrollment or obtain more information, contact your Human Resources representative.

HIPAA Special Enrollment Opportunities include:

- COBRA (or state continuation of coverage) exhaustion.
- Loss of other health insurance coverage.
- Acquisition of a dependent through marriage, birth, adoption or place for adoption.
- Becoming eligible for a State Medicaid or premium assistance subsidy (CHIPRA).

Change in Status Permitted Midyear Election Changes

Due to Internal Revenue Service (IRS) regulations, in order to be eligible to take your premium contribution using pre-tax dollars, your election must be irrevocable for the entire plan year. As a result, your enrollment in the medical, dental, and vision plans or declination of coverage when you are first eligible, will remain in place until the next Open Enrollment period, unless you have an approved “change in status” as defined by the IRS.

Examples of permitted “change in status” events include:

- Change in legal marital status
- Change in number of dependents
- Change in eligibility of a child
- Change in your/your spouse’s/your state registered/unregistered/state registered and unregistered domestic partner’s employment status
- A substantial change in your/your spouse’s/your state registered/unregistered/state registered and unregistered domestic partner’s benefits coverage
- A relocation that impacts network access
- Enrollment in state-based insurance Exchange
- Medicare Part A or B enrollment
- Qualified Medical Child Support Order or other judicial decree
- A dependent’s eligibility ceases resulting in a loss of coverage
- Loss of other coverage
- Change in employment status where you have a reduction in hours to an average below 30 hours of service per week, but continue to be eligible for benefits, and you intend to enroll in another plan that provides Minimum Essential Coverage that is effective no later than the first day of the second month following the date of revocation of your employer sponsored coverage
- You enroll, or intend to enroll, in a Qualified Health Plan (QHP) through the State Marketplace (i.e. Exchange) and it is effective no later than the day immediately following revocation of your employer sponsored coverage.

You must notify your Human Resources representative within 30 days of the above change in status.

SECTION 13 – YOUR RIGHTS AND PROTECTIONS AGAINST SURPRISE MEDICAL BILLS

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is “balance billing” (sometimes called “surprise billing”)?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or be required to pay the entire bill if you see a provider or visit a health care facility that isn’t in your health plan’s network.

Out-of-Network Providers may be permitted to bill you for the difference between Our plan Allowable Amount and the full amount charged for a service. This is called “**balance billing.**” This amount is likely more than In-Network costs for the same service and might not count toward your annual Out-of-Pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when You can’t control who is involved in your care—like when You have an emergency or when You schedule a visit at an In-Network facility but are unexpectedly treated by an Out-of-Network provider.

You are protected from balance billing for:

Emergency Services: If you have an emergency medical condition and get emergency Services from an Out-of-Network Provider or facility, the most the provider or facility may bill you is your plan’s In-Network cost-sharing amount (such as copayments and coinsurance). You can’t be balance billed for these Emergency Services. This includes services You may get after you’re in stable condition, unless You give written consent and give up Your protections not to be balance billed for these post-stabilization services.

Certain Non-Emergency Services When you receive services from an In-Network hospital, hospital outpatient departments, Critical access hospital, or ambulatory surgical center, there may be Out-of-Network services provided. In these cases, the most those providers may bill you is your plan’s In-Network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can’t** balance bill you and **may not** ask you to give up your protections not to be balance billed.

If you get other services at these In-Network facilities, Out-of-Network providers **can’t** balance bill you, unless you give written consent and give up your protections.

You’re never required to give up Your protections from balance billing. You also aren’t required to get care Out-of-Network. You can choose a provider or facility in Your plan’s network. When balance billing isn’t allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). We will pay Out-of-Network providers and facilities directly.
- We generally must:

- Cover emergency services without requiring you to get approval for services in advance (prior authorization).
- Cover emergency services by out-of-network providers.
- Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
- Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may contact the No Surprises Help Desk (NSHD) at 1-800-985-3059 or visit <https://www.cms.gov/nosurprises> for more information on your protections under federal law.
