We reserve the right to review medical care and/or treatment plans and may consult with Physicians or national medical specialty organizations for advice in determining whether services were Medically Necessary. The fact that services were recommended or performed by a Covered Provider does not make the services Medically Necessary or a Covered Expense.

Eligible Employees who have met the eligibility requirements on the Policy Effective Date will be eligible to enroll under the Policy on the Policy Effective Date.

The Eligible Employee must: (1) complete and submit an Enrollment Form to the Policyholder; and (2) remit any premium contribution required for the Eligible Employee's coverage.

The Policyholder must notify Us of the Covered Person's active duty status within sixty (60) days of the first date of the Covered Person's active duty status; however, coverage will be suspended regardless of receipt of notification. When We receive notification of the active duty status, any required adjustment of premium will be made, including refund of premium if necessary.

1. Meets the eligibility requirements for Eligible Employee or Eligible Dependent as provided in this Group Policy;
2. Makes the request for resumption of coverage in writing within sixty (60) days of the Covered Person's termination of active duty status; and
3. Pays any required premium for the Covered Person's coverage under this Group Policy.

Coverage under this Group Policy will resume on the date immediately following Our receipt and verification of the above requirements.

GROUND FOR NONRENEWAL OR DISCONTINUATION OF THIS GROUP POLICY

Except as provided in this provision, if We offer health insurance coverage in the small group market or large group market in connection with a group health plan, We will renew or continue the coverage in force at the option of the Policyholder.

We may nonrenew or discontinue health insurance coverage offered in connection with this Group Policy in the small group market or large group market if:

1. The Policyholder has failed to pay premiums or contributions in accordance with the terms of this Group Policy or if We have not received timely premium payments;
2. The Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact under the terms of this Group Policy coverage;
3. The Policyholder has failed to comply with a material plan provision relating to employer contribution or group health plan participation rules;

4. We are ceasing to offer coverage in that group market in accordance with this provision and applicable state law; or
5. There is no longer any enrollee in connection with this Group Policy who lives, resides, or works in the service area of the Provider Network provided for this Group Policy.

We may not discontinue offering a particular type of group health insurance coverage offered in the small group market or large group market unless in accordance with applicable state law and unless:

1. We provide notice to each Policyholder, participant, and beneficiary provided coverage of this type in that group market of the discontinuation at least 90 days prior to the date of the discontinuation of the coverage;
2. We offer to each Policyholder provided coverage of this type in the market the option to purchase any other health insurance coverage currently being offered by Us to a group health plan in the market; and
3. We act uniformly without regard to the claims experience of those Policyholders or any health status-related factor of any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for the coverage.

We may not discontinue offering all health insurance coverage in the small group market, the large group market, or both the small group market and the large group market, unless in accordance with applicable state law and unless:

1. We provide notice of discontinuation to the Montana Insurance Commissioner and to each Policyholder, participant, and beneficiary covered at least 180 days prior to the date of the discontinuation of coverage; and
2. All health insurance issued or delivered for issuance in Montana in the group market or markets is discontinued and coverage under the health insurance coverage in the group market or markets is not renewed.

In the case of a discontinuation under this provision in a group market, We may not provide for the issuance of any health insurance coverage in the group market for a period of 5 years beginning on the date of the discontinuation of the last health insurance coverage not renewed.

We may modify upon renewal health insurance coverage for a product offered to a group health plan in the large group market or in the small group market if, for coverage that is available in the small group market other than only through one or more bona fide associations, modification is consistent with applicable state law and effective on a uniform basis among group health plans with that product.

COBRA CONTINUATION OF COVERAGE

If this Group Policy remains in effect, but the Covered Employee's or a Covered Dependent's coverage under this Group Policy would otherwise terminate, We may be required to offer such Covered Employee or Covered Dependent the right to continue coverage under this Group Policy. This right is referred to as "Continuation Coverage" and may occur for a limited time subject to the terms of this provision and the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

ELIGIBILITY

If Covered Employee or Covered Dependent has been covered under this Group Policy on the day before a qualifying event, the Covered Employee or Covered Dependent may be eligible for COBRA Continuation Coverage. The following are qualifying events for such COBRA Continuation Coverage if, under the terms of this Group Policy, the event causes the Covered Employee or Covered Dependent to lose coverage:

1. For Covered Employees, loss of coverage because of:
 - a. The termination of employment except for gross misconduct; or
 - b. A reduction in the number of hours worked by the Covered Employee.
2. For Covered Dependents, loss of coverage because of:
 - a. The termination of the Covered Employee's coverage under this Group Policy'
 - b. The death of the Covered Employee;
 - c. The divorce or legal separation from the Covered Employee;
 - d. The Covered Employee becomes entitled to Medicare, if applicable; or
 - e. The Covered Dependent reaches the limiting age for coverage under this Group Policy.

ENROLLING FOR COBRA CONTINUATION COVERAGE

The Covered Employee or Covered Dependent has 60 days from the later of the date of:

1. The qualifying event; or
2. The date that the Covered Employee or Covered Dependent receives notice of the right to COBRA Continuation Coverage to enroll for such Coverage.

If the Covered Employee or Covered Dependent does not send the written notification form to Us within the 60-day period, the Covered Employee or Covered Dependent will lose their right to COBRA Continuation Coverage. If the Covered Employee or Covered Dependent qualifies for COBRA Continuation Coverage and receives services that would be for Covered Benefits, before enrolling and paying the premium for COBRA Continuation Coverage, the Covered Employee or Covered Dependent will be required to pay for those services. We will reimburse the Covered Employee or Covered Dependent for Covered Medical Expenses incurred for Covered Benefits, less required cost-sharing or other any payments required by to be paid by the Covered Employee or Covered Dependent, after the Covered Employee or Covered Dependent enrolls and pay the required premium for the COBRA Continuation Coverage, and submit a claim for those Covered Medical Expenses incurred for the Covered Benefits provided under this Group Policy.

CONTINUATION OF COVERAGE

CONTINUATION COVERAGE FOR DEPENDENTS

If coverage terminates under this Group Policy for a Covered Dependent due to:

1. The death of the Covered Employee; or
2. The Covered Employee's divorce, or annulment or dissolution of marriage or domestic partnership, or legal separation from the Covered Employee's Covered Dependent spouse or domestic partner; or
3. A Covered Dependent Child attaining age 26, except as provided under the "Termination of Coverage for Handicapped Child" provision; or
4. The Covered Dependent spouse or domestic partner, and/or Covered Dependent Child may elect to continue coverage under this Group Policy. The spouse or domestic partner may also elect to continue coverage for Covered Dependent children under age 26 for

whom the spouse or domestic partner has the responsibility for care and support.

Notice of this election must be received by Us within 60 (sixty) days of the event. No evidence of insurability will be required. Premium for the continued coverage must be paid within sixty (60) days after the election is made. Premium for the continued coverage will be based on Our rates in effect at the time of the continuation coverage.

CONTINUATION OF COVERAGE AFTER REDUCTION OF REGULAR WORK SCHEDULE

A Covered Employee may, for a period of one (1) year, with the consent of the Policyholder, continue coverage under this Group Policy during the Covered Employee's employment notwithstanding any reduction of the Covered Employee's regular work schedule to less than the minimum time required to qualify for coverage under this Group Policy, and the premium charged such Covered Employee will be equal to that charged other Covered Employees with the same risk class.

CONVERSION PRIVILEGE

CONVERSION RIGHTS ON TERMINATION OF ELIGIBILITY

The Covered Employee and the Covered Employee's Covered Dependents will be entitled to convert their insurance, or any portion of their insurance provided under this Group Policy cease because of:

1. Termination of the Covered Employee's eligibility for coverage under this Group Policy;
2. Termination of the Covered Employee's employment, as a result of the Covered Employee's Policyholder discontinuing the Policyholder's business;
or
3. Discontinuation of this Group Policy by the Policyholder and the Policyholder does not provide any other group disability insurance or plan; and

such Covered Person:

1. Has been insured under this Group Policy for at least a period of 3 months; and
2. Is not insured under another major medical disability insurance policy or plan.

We will issue an individual conversion policy, or a certificate under a group conversion policy, to the Covered Employee or Covered Dependent, without evidence of insurability, if application for the individual policy is made and the first premium is paid to Us within thirty-one (31) days after the termination of coverage under this Group Policy for the Covered Employee or Covered Dependent.

The individual conversion policy, or group conversion certificate, at the option of the Covered Person, may be on any form then customarily issued by Us to individual policyholders, with the exception of a policy the eligibility for which is determined by affiliation other than by employment with a common entity.

The premium for the individual conversion policy, or group conversion certificate, will be at no more than 200% of Our customary rate applicable to this Group Policy coverage being terminated at the time of the conversion. If the Covered Person who is entitled to conversion has been insured for more than 3 years under this Group Policy, the premium for the individual conversion policy, or group conversion certificate, will not be more than 150% of the customary rate of the coverage provided under this Group Policy that is being terminated at the time of the conversion.

The conversion policy will offer the same benefits as those being terminated.

The effective date and time of the conversion policy will be effective the next day immediately following the date coverage under this Group Policy is terminated.

CONVERSION PRIVILEGE AVAILABLE TO SPOUSE AND CHILDREN

Subject to the conditions set forth in this Conversion Privilege provision, the conversion privilege is also available:

1. To the surviving spouse, if any, at the death of the Covered Employee, with respect to the spouse and children whose coverage under this Group Policy terminates by reason of the death; otherwise, to each surviving Covered Dependent Child whose coverage under this Group Policy terminates by reason of the death of the Covered Employee at the end of the Dependent Continuation Coverage;
2. To the Covered Dependent spouse of the Covered Employee upon termination of coverage of the Covered Dependent spouse under this Group Policy, by reason of the such spouse ceasing to be a qualified family Covered Person under this Group Policy, while the Covered Employee remains covered under this Group Policy, including Covered Dependent Children whose coverage under this Group Policy terminates at the same time; or
3. To a Covered Dependent Child solely with respect to the child upon termination of child's coverage by reason of ceasing to be a qualified family member under this Group Policy if a conversion privilege is not otherwise provided in this Conversion Privilege provision with respect to the termination.

SECTION 3—PREMIUMS

PAYMENT OF PREMIUM

All premium, any charges or fees for this Group Policy (hereinafter referred to as “premium”) must be paid to Us. The premium for this Group Policy is shown in the SBC. If You do not pay premiums when due, this Group Policy will terminate subject to the Grace Period. The Premium Due Date is shown in the SBC.

UNPAID PREMIUM

On payment of a claim under this Group Policy, any premium then due and unpaid may be deducted from The Covered Person’s claim payment.

On payment of a claim under this Group Policy, any premium then due and unpaid may be deducted from The Covered Person’s claim payment.

GRACE PERIOD –

After the first due premium payment, if a premium is not paid on or before the date it is due, it may be paid during the next thirty-one (31) days. These thirty-one (31) days are called the Grace Period. Coverage under this Group Policy will remain in force during the Grace Period. If any premium is unpaid at the end of the Grace Period, this Group Policy will automatically terminate effective as of the last paid through date. However, We will not terminate this Group Policy until We have mailed or delivered to You at Your last-known business address shown in Our records a written notice, in addition to any billing statement, stating the date this Group Policy’s termination will become effective, which will not be earlier than:

1. The beginning of the period for which premiums have not been paid in full if the notice of termination for nonpayment of premiums is mailed or delivered within fifteen (15) days after the due date of the missed premiums for that period; or
2. The date of mailing or delivery of notice of termination for nonpayment of premiums if the notice of termination for nonpayment of premiums is not mailed or delivered within fifteen (15) days after the premium due date for the applicable policy period.

We will give such termination notice to You at least thirty (30) days in advance of termination for nonpayment of premiums.

PREMIUM RATE CHANGES

Subject to rate requirements applicable in the state of Montana, where this Group Policy is issued, We may change the rates for this Group Policy on any Policy Anniversary Date after this Group Policy has been in force for 12 months. However, the rates may be changed sooner than 12 months if a premium increase is necessitated by: (1) a state or federal law; (2) court decision; or (3) rule adopted by an agency of competent jurisdiction of the state or federal government. Rate changes will only be made once in a 12-month period unless necessitated by the above implications. Any rate change will be made only when We change the rates for all policies in the same rate class on the same form as this Group Policy that are issued in the state of Montana.

We will give You at least 60 days prior written notice before the effective date of any rate change. The rates will never be changed due to a change in The Covered Person’s age or health. Such notice will be mailed to the Covered Employee’s last known address as shown in Our records. If We fail to provide the notice as stated in this provision, this Group Policy will remain in effect at the existing

rate with the existing benefits until: (1) the full notice period has expired; or (2) the effective date of the replacement coverage is obtained by You, whichever occurs first.

PREMIUM REFUND

In the event of termination of this Group Policy, We will refund any portion of the unearned premium.

Third Party Payments for Premiums, Co-Payments, Coinsurance

Providers may not waive, rebate, give, pay or offer to waive, rebate, give or pay all or part of the Covered Person's deductible or other out of pocket costs including co-payments, coinsurance, or premiums. We will accept payments of premiums and cost sharing from:

- A Ryan White HIV/AIDS Program
- An Indian tribe or tribal organization
- Local, state or federal government programs, including grantees directed by a government program to make payments on its behalf
- A private not-for-profit organization when all of the following criteria are met:
 - The assistance is provided on the basis of the Covered Person's financial need
 - The assistance is provided regardless of your health status
 - The institution/organization is not a healthcare provider
 - The institution/organization is not financially interested. Financially interested institutions/organizations include institutions/organizations that receive the majority of their funding from entities with a pecuniary interest in the payment of health insurance claims, or institutions/organizations that are subject to direct or indirect control of entities with a pecuniary interest in the payment of health insurance claims.

We do not count any financially interested third party cost-sharing payments toward deductibles or out of pocket maximums. If We discover financially interested third party payments of this type after the fact and these payments have already been counted toward the deductible or out of pocket maximum, We will exclude the financially interested third party from the accumulation toward the deductible or out of pocket maximum.

A violation of this provision will result in the premium and cost sharing payments not being accepted which may result in termination with a 30-day notice. Should We reject a payment from a third party, we will inform you in writing of the reason for our rejection and your right to file a complaint with the Montana Commissioner's Office of Securities and Insurance.

REINSTATEMENT

If any renewal dues payment is not paid within the time granted the Covered Person for payment, a subsequent acceptance of dues by The Plan without requiring in connection therewith an application for reinstatement, shall reinstate the Contract; provided, however, that if The Plan requires an application for reinstatement and issues a conditional receipt for the dues tendered, the Contract will be reinstated upon approval of such application by Mountain Health CO-OP or, lacking such approval, upon the 45th day following the date of such conditional receipt unless The Plan has previously notified the Covered Person in writing of its disapproval of such application. The reinstated Contract shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as began more than ten days after such date. In all other respects, the Covered Person and The Plan shall have the same rights thereunder as they had under the Contract immediately before the due date of the defaulted dues, subject to any provision endorsed hereon or attached hereto in connection with

the reinstatement.

SECTION 4 – IN-NETWORK PROVIDER NETWORK OPTION

The participation status of a provider in the network will impact the amount that We pay for Covered Medical Expenses. Providers that have signed an agreement to participate in our network are considered In-Network Providers. Providers that have not signed an agreement with Us to participate in our network are considered Out-of-Network Providers. You are responsible for determining whether a provider is an In-Network Provider or an Out-of-Network Provider.

It is not safe to assume that when you are treated at an In-Network Facility, all services are performed by In-Network Providers. Whenever possible, you should arrange for professional services, such as surgery and anesthesiology, to be provided by an In-Network provider. Doing so will help you maximize your benefits and limit your out-of-pocket expenses.

Risk-sharing Arrangements By agreement, an In-Network provider may not bill a Covered Person for any amount in excess of the contracted Allowable Fee. However, the agreement does not prohibit the provider from collecting copayments, deductibles, co-insurance, and amounts for non-covered services from the Covered Person. And, if the CO-OP C was to become insolvent, an In-Network provider agrees to continue to provide Covered Services to a Covered Person for the duration of the period for which premium was paid to the CO-OP on behalf of the Covered Person. Again, the In-Network provider may only collect applicable copayments, deductibles, co-insurance, and amounts for non-covered services from the Covered Person.

HOW TO SELECT A PRIMARY CARE PHYSICIAN - IN-NETWORK PROVIDER

At the time the Covered Person submits an application they can select a Primary Care Physician or when they receive their ID cards, they can call the number specified on the back of the card to select an In-Network Primary Care Physician.

If the Covered Person chooses not to do either, a provider will be assigned to them through two methods. First, if the Covered Person sees an In-Network Primary Care Physician within the first three months and a claim is submitted, that Primary Care Physician will be assigned as the Covered Persons Primary Care Physician. Second, an In-Network Primary Care Physician will be selected by the CO-OP C and assigned to the Covered Person if the Covered Person has not completed one of the prior actions to select a Primary Care Physician. If the CO-OP chooses a provider it will be after the first three (3) months of coverage and selected from the In-Network Primary Care Physicians closest to the Covered Person that provides outreach services.

The Covered Person may change their primary care provider at any time simply by calling the specified number on the back of their ID card and requesting a new In-Network Primary Care Physician.

If the Covered Person's In-Network provider stops participating then the Covered Person may request continued treatment from that provider for a period of time after the provider stops participating for a period of 90 days or until the next policy renewal date, whichever is longer. For pregnancy, the continuity of care period is through the postpartum period. However, to qualify for continuity of care, the provider must: (1) agree that the Covered Person is in an active course of treatment, which means a condition which a provider reasonably believes

could cause harm to an insured if care by the treating provider is suddenly discontinued, such as pregnancy or an ongoing course of treatment for an episode of cancer or other condition for which discontinuing care by the current treating physician may worsen the condition and interfere with anticipated outcomes; (2) agree to accept the same allowed amount as the provider would have accepted if the provider had remained a In-Network Provider; and (3) agree not to seek payment from the Covered Person of any amount for which the Covered Person would not have been responsible if the provider had remained an in-network provider. Continuity of care protections are only for an active course of treatment and are not required for routine primary and preventive care.

WHY YOU MUST CHOOSE A PRIMARY CARE PHYSICIAN

An In-Network Primary Care Physician (PCP) must be selected by the Covered Person or assigned by the CO-OP. Note that once the In-Network Primary Care Physician is selected by the Covered Person or assigned by the CO-OP the Covered Person has no further responsibility to the Primary Care Physician. The assignment of the In-Network Primary Care Physician allows the CO-OP to better track the quality of care being provided and enables the CO-OP and In-Network Physicians to provide educational and medical advice specifically tailored to the needs of that Covered Person.

The In-Network Primary Care Physician is an advisory service to the Covered Person and does not control the medical service a Covered Person may seek. Covered Benefits provided under this Policy are described in Section 5. However, by seeing your PCP on a regular basis and calling him or her first when You have an urgent concern, You will stay healthier and experience fewer Medical and ER visits, which means lower Out-of-Pocket costs for You. Your PCP can help You manage chronic conditions You may have and make personalized recommendations to improve your health.

ARE OUT-OF-NETWORK SERVICES COVERED?

The Covered Person may choose to receive services from an Out-of-Network provider. Benefits will be payable at a lower level when an Out-of-Network Provider is used. An Out-of-Network Provider Differential will be applied. The Covered Person should be aware that Out-of-Network providers and facilities may choose to bill Covered Person the difference between Our Allowable Fee and their billed charge (called balance billing). Covered Person will be responsible for the balance billed amount and that balance billed amount could be very large. Covered Person should avoid using Out-of-Network Providers. Refer to the SBC. Out-of-Network Benefits provided under this Policy are described in Section 5. In certain circumstances, we may directly reimburse the Covered Person for services/supplies obtained from Out-of-Network providers.

SURPRISE BALANCE BILLING

Surprise balance billing can occur when You have services performed at an In-Network facility, but the provider that performs the service on behalf of the In-Network facility is Out-of-Network. When this situation occurs, the CO-OP will process the Out-of-Network claims against the In-Network benefit level; however, because we do not have a contract with the provider performing the service, You may be balance billed. This most frequently occurs with Anesthesiologists, Radiologists, Pathologists, Hospitals and Independent Labs.

WHAT ARE THE RESPONSIBILITIES OF THE COVERED PERSON WHEN USING IN-NETWORK PROVIDERS?

The Covered Person is responsible for ensuring that providers and facilities, at the time of service, are active In-Network Providers participating in the In-Network Organization. It is the responsibility of the Covered Person to utilize the providers and facilities that best meet their needs, keeping in mind the different benefits and payment levels. Covered Benefits provided under this Policy are described in Section 5.

IN-NETWORK PROVIDER ORGANIZATION

The In-Network Provider Organization used for this Policy is administered by University of Utah Health Plans, as shown on page 4, *Important Information*.

OUT-OF-NETWORK EMERGENCY SERVICES

If the Covered Person requires Emergency Services for an Emergency Medical Condition, while the Covered Person is traveling outside of the In-Network Service Area, or cannot reasonably reach an In-Network Provider, the benefits payable for Emergency Services received from an Out-of-Network Provider will be the same as would be payable for the services of an In-Network Provider. Refer to the SBC for Emergency Services. Your covered expenses are based on our Allowable Fee and You are subject to Balance Billing by the Out-of-Network Provider.

If you are admitted to a hospital as an inpatient following the stabilization of your emergency condition, your physician or hospital should contact our Medical Management team at (855) 447-2900 within forty-eight hours of admission to make a benefit determination on your admission. If you are admitted to an Out-of-Network hospital, the CO-OP may require you to transfer to an In-Network facility once your condition is stabilized in order to continue receiving benefits at the In-Network provider level. Refer to the SBC for Emergency Services.

OUT-OF-AREA SERVICES

Outside the Mountain Health CO-OP service area where our Covered Persons do not have reasonable access to participating providers, the allowable fee, depending upon the services and supply, will be based on the participating provider reimbursement rate. For more detailed information please contact Mountain Health CO-OP customer services for assistance.

SECTION 5—COVERED BENEFITS

This Group Policy will pay Covered Medical Expenses for the following Covered Benefits when services are provided by a Covered Provider.

PAYMENT OF BENEFITS

Payment to providers is based on the Allowable Fee. In-Network Providers agree to accept payment of the Allowable Fee for Covered Medical Expenses as full payment. We generally pay In-Network Providers directly.

Out-of-Network Providers have not agreed to accept the Allowable Fee as full payment for Covered Medical Expenses. Out-of-Network Providers can bill the difference between the amount that We pay, if any, and the amount of their billed charge (the balance billed amount). Covered Person will be responsible for the balance billed amount. We may pay you directly for Out-Network Providers.

Covered Person will be responsible for all copayments, coinsurance and deductibles. Covered Person may be fully responsible for any medical expenses that are not Covered Medical Expenses/Covered Benefits, are not Medically Necessary, are Investigational, and/or for medical expenses for which a benefit maximum has been reached, regardless of whether the provider is an In-Network Provider or an Out-of-Network provider.

Payment of Covered Medical Expenses will be:

1. Based on the Allowable Fee; and
2. Subject to the Deductible, Coinsurance, Copayments, and Annual Out-of-Pocket Maximum stated in the SBC, unless otherwise stated in the SBC or this Section for specified Covered Benefits.

BENEFITS ELIGIBLE FOR PAYMENT

Benefits will be eligible for payment if Covered Medical Expenses are:

1. Incurred for Covered Benefits while the Covered Person is insured under this Group Policy; and
2. The Treatment for which the Covered Medical Expenses are incurred is:
 - a. The result of an Illness or Injury; and
 - b. Medically Necessary, unless the Covered Benefit is for educational purposes only, as provided under this Group Policy; and
 - c. Prescribed or treated by a Physician or other Covered Provider as provided under this Group Policy; and
 - d. Meets Our Medical Policy.

Covered Benefits provided under this Group Policy are subject to the exclusions, limitations and all terms and conditions specified in this Group Policy.

ACCIDENT BENEFIT

Coverage will be provided for services rendered for bodily Injuries resulting from an Accident which

occur after the Covered Person's Effective Date of Coverage.

AMBULANCE SERVICES

Coverage will be provided for transportation by a licensed ambulance service to the nearest Hospital with the appropriate staff and facilities to treat the Emergency Medical Condition of the Covered Person.

APPROVED CLINICAL TRIAL

Clinical Trials Charges for unproven medical practices or care, treatment, devices or drugs that are Experimental or Investigational in nature or generally considered Experimental or Investigational by the medical profession as determined solely by the CO-OP and our Third-Party Administrator, UUHP.

The CO-OP does not deny (or limit or impose additional conditions on) the coverage of routine patient costs for items and services furnished in connection with participation in approved clinical trials. Routine patient costs include all items and services consistent with the coverage provided in the plan (or coverage) that is typically covered for a qualified individual who is not enrolled in a clinical trial. Patient costs do not include the investigational item, device, or service, itself; items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

ANESTHESIA SERVICES

Anesthesia services provided by a Physician (other than the attending Physician) or nurse anesthetist. Services include: (1) the administration of spinal anesthesia; and (2) the injection or inhalation of a drug or other anesthetic agent. No benefits will be paid for:

1. Local anesthesia or intravenous (IV) sedation that is considered to be an inclusive service or procedure.
2. Hypnosis;
3. Anesthesia consultations before surgery that are considered to be inclusive services and procedures because the Allowable Fee for the anesthesia performed during the surgery includes the anesthesia consultation; or
4. Anesthesia for dental services or injection of health.

To avoid Balance Billing, it is important for Covered Person to seek services from an In-Network Anesthesiologist.

The Treatment plan must be based on evidence-based screening criteria. We may ask that the Treatment plan be updated every 6 months.

1. Prevent the onset of an illness, condition, injury, or disability;

Travel expenses related to the Covered Person will only be reimbursed for medical care done at the CO-OP's approved COE and must be more than 120 miles from the Covered Person's residence.

Also, refer to the Complaints, Grievances and Appeals provision, in Section 10, regarding appeals for adverse determinations.

SECTION 7– COORDINATION OF BENEFITS

This Coordination of Benefits (COB) provision applies when the Covered Person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total allowable expense.

DEFINITIONS

- A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Covered Persons of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
- 1) “Plan” includes: group and non-group health insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.
 - 2) “Plan” does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, if determined by the commissioner to be “excepted benefits” as defined in 33-22-140, MCA; school accident type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. “This Plan” means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies, and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is Primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable

expense.

- D. Allowable expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

- 1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
 - 2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
 - 3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
 - 4) If a person is covered by one Plan that calculates its benefits or services on the basis of relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary Plan to determine its benefits.
 - 5) The amount of any benefit reduction by the Primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Policy Year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
 - 1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
 - 2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel plan to provide out-of-network benefits.
- B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an Employee, Covered Person, policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired Employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an Employee, Covered Person, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 - 2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The Plan of the parent whose birthday falls earlier in the Policy Year is the Primary Plan; or
 - If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
 - b. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

- i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Policy Years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The **Plan** covering the **Custodial parent**;
 - The **Plan** covering the spouse of the **Custodial parent**;
 - The **Plan** covering the **non-custodial parent**; and then
 - The **Plan** covering the spouse of the **non-custodial parent**.
 - c. For a dependent child covered under more than one **Plan** of individuals who are the parents of the child, the provisions of (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
- 3) Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active Employee, that is, an Employee who is neither laid off nor retired, is the **Primary Plan**. The **Plan** covering that same person as a retired or laid-off Employee is the **Secondary Plan**. The same would hold true if a person is a dependent of an active Employee and that same person is a dependent of a retired or laid-off Employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the section Non-Dependent or Dependent can determine the order of benefits.
 - 4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an Employee, Covered Person, subscriber or retiree or covering the person as a dependent of an Employee, Covered Person, subscriber or retiree is the **Primary Plan** and the COBRA or state or other federal continuation coverage is the **Secondary Plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the section Non-Dependent or Dependent can determine the order of benefits.
 - 5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an

Employee, Covered Person, policyholder, subscriber or retiree longer is the **Primary Plan** and the **Plan** that covered the person the shorter period of time is the **Secondary Plan**.

- 6) If the preceding rules do not determine the order of benefits, the **Allowable Expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This Plan** will not pay more than it would have paid had it been the **Primary Plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

- A. When **This Plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a Policy Year are not more than the total **Allowable Expenses**. In determining the amount to be paid for any claim, the **Secondary Plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable Expense** under its **Plan** that is unpaid by the **Primary Plan**. The **Secondary Plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable Expense** for that claim. In addition, the **Secondary Plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more **Closed Panel Plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed Panel Plan**, **COB** shall not apply between that **Plan** and other **Closed Panel Plans**.

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This Plan** and other **Plans**. Our Claims Administrator may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This Plan** and other **Plans** covering the person claiming benefits. Our Claims Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This Plan** must give Our Claims Administrator any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This Plan**. If it does, Our Claims Administrator may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This Plan**. Our Claims Administrator will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Us is more than We should have paid under this **COB** provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

The Covered Person becomes a "Claimant" when the Covered Person makes a request for a benefit or benefits in accordance with this Policy's claims procedures.

An Authorized Representative may act on behalf of a Claimant with respect to a benefit claim or appeal under these claims procedures. Claimants should complete and submit an Appointment of Authorized Representative form in order to appoint an authorized representative. An Appointment of Authorized Representative form may be obtained from and completed forms must be submitted to the University of Utah Health Plans Customer Service Department at the address listed on page 4, *Important Information*. An assignment for purposes of payment does not

constitute appointment of an authorized representative under these claims procedures. The Claimant will be copied on all notifications regarding decisions, unless the claimant provides specific written direction otherwise.

Any reference in these claims procedures to Claimant is intended to include the authorized representative of such Claimant appointed in compliance with the above procedures.

YOUR RIGHT TO APPEAL

A Covered Person has a right to appeal an adverse benefit determination, including a rescission, under these claims procedures.

- 1. How to File An Appeal.** If a Claimant disagrees with an adverse benefit determination, the Claimant (or authorized representative) may appeal the decision within 180 days from receipt of the adverse benefit determination. With the exception of urgent care claims, the appeal must be made in writing, should list the reasons why the Claimant does not agree with the adverse benefit determination, and must be sent to the address given for the University of Utah Health Plans Appeals and Grievances Department. If the Claimant (or authorized representative) is appealing an urgent care claim, the Claimant may appeal the claim verbally by calling the telephone number listed for urgent care appeals listed on the inside cover of this Policy.

The Claimant may ask for Request for Review forms which may be obtained by contacting the University of Utah Health Plans, Appeals Committee Chairperson, 6053 Fashion Square Dr., Suite 110, Murray, UT 84145. A Request for Review form or a written appeal will be treated as received by the University of Utah Health Plans Appeals and Grievances Department (a) on the date it is hand-delivered to the above address and room; or (b) on the date that it is deposited in the U.S. Mail for first-class delivery in a properly stamped envelope containing the above name and address. The postmark on any such envelope will be proof the date of mailing. Written appeals must be sent to the University of Utah Health Plans Appeals and Grievances Department following address shown on page 5. - 3. Submission of Comments.** A Claimant has the right to submit documents, written comments, or other information in support of an appeal.
- 4. Important Appeal Deadline.** The appeal of an adverse benefit determination must be filed within 180 days following the Claimant's receipt of the notification of adverse benefit determination, except that the appeal of a decision to reduce or terminate an initially approved course of treatment (see the definition of concurrent care decision) must be filed within 180 days of the Claimant's receipt of the notification of the decision to reduce or terminate. Failure to comply with this important deadline may cause a Claimant to forfeit any right to any further review of an adverse decision under these procedures or in a court of law.
- 5. Urgent Care Appeals.** In light of the expedited timeframes for decision of urgent care claims, an urgent care appeal may be submitted to the University of Utah Health Plans Appeals and

Grievances Department by mail or telephone; refer to page 5, *Important Information*, for contact information. The claim should include at least the following information:

- a. The identity of the Claimant;
- b. A specific medical condition or symptom;
- c. A specific treatment, service, or product for which approval or payment is requested; and
- d. Any reasons why the appeal should be processed on a more expedited basis.
- e. If a physician with knowledge of the Claimant's medical condition determines the claim involves urgent care, We will treat the claim as an urgent care claim.
- f. If an urgent care claim is incomplete or was not properly submitted, We will notify the Claimant, or Claimant's authorized representative about the incomplete or improper submission no later than twenty-four (24) hours from Our receipt of the claim. Our notification will contain a reference to a specific Covered Person, a specific medical condition or symptom, and a specific health care service, treatment, or health care provider for which approval is being requested. The Claimant will have at least forty-eight (48) hours to provide the necessary information. We will notify the Claimant of the initial claim determination no later than twenty-four (24) hours after the earlier of the dates We receive the specific information requested or the due date for the requested information.
- g. Requests for an extension of a previously approved time period for treatments or number of treatments, and if the Claimant's claim involves urgent care, We will review the claim and notify the Claimant of Our determination no later than twenty-four (24) hours from the date We received the Claimant's claim, provided the Claimant's claim was filed at least twenty-four (24) hours prior to the end of the approved time period or number of treatments.

6. **Evidence Consideration.** The review of the claim on appeal will take into account all evidence, testimony, new and additional records, documents or other information the Claimant submitted relating to the claim, without regard to whether such information was submitted or considered in making the initial adverse benefit determination.

If the Alt University of Utah Health Plans Grievances and Appeals Department considers, relies on or generates new or additional evidence in connection with its review of the claim, it will provide the Claimant with the new or additional evidence free of charge as soon as possible and with sufficient time to respond before a final determination is required to be provided by the University of Utah Health Plans Grievances and Appeals Department. If the University of Utah Health Plans Grievances and Appeals Department relies on new or additional reasons in denying the Claimant's claim on review, the University of Utah Health Plans Appeals and Grievances Department will provide the Claimant with the new or additional reasons as soon as possible and with sufficient time to respond before a final determination is required to be provided by the University of Utah Health Plans Appeals and Grievances Department.

7. **Scope of Review.** The independent and impartial person who reviews and decides the Claimant's appeal will be a different individual than the person who decided the initial adverse benefit determination and will not be a subordinate of the person who made the initial adverse benefit determination. The review on appeal will not give deference to the

initial adverse benefit determination and will be made anew. The University of Utah Health Plans Appeals and Grievances Department will not make any decision regarding hiring, compensation, termination, promotion or other similar matters with respect to the individual selected to conduct the review on appeal based upon how the individual will decide the appeal.

8. **Medical Professionals.** In the event that a claim is denied on the grounds of medical judgment, the University of Utah Health Plans Appeals and Grievances Department will consult with a health professional with appropriate training and experience. The health care professional who is consulted on appeal will not be the same person who was consulted, if any, regarding the initial benefit determination or a subordinate of that person.

TIME PERIOD FOR NOTIFICATION OF FINAL INTERNAL ADVERSE BENEFIT DETERMINATIONS

1. **Urgent Care Claims.** Urgent Care Claims Appeals will be completed as soon as possible, taking into account the medical exigencies, but no later than seventy-two (72) hours after receipt by the University of Utah Health Plans Appeals and Grievances Department of the written appeal or completed Request for Review form. The University of Utah Health Plans Appeals and Grievances Department will notify the Claimant and/or the Covered Person's Authorized Representative verbally and provide a follow-up written notice no later than seventy-two (72) hours after receipt of the appeal request.

"Urgent Care Claim" is a claim for medical care to which applying the time periods for making pre-service claims decisions could seriously jeopardize the claimant's life, health or ability to regain maximum function or would subject the claimant to severe pain that cannot be adequately managed without the care that is the subject of the claim. If the treating Physician determines the claim is "urgent," the Plan must treat the claim as urgent.

2. **Pre – and Post-Service Claims.** The appeal of a pre-service claim shall be decided within a reasonable time appropriate to the medical circumstances no later than thirty (30) days after receipt by the University of Utah Health Plans Appeals and Grievances Department of the written appeal or completed Request for Review form. The appeal of a post-service claim will be decided within a reasonable period but no later than sixty (60) days after receipt by the University of Utah Health Plans Appeals and Grievance Department of the written appeal or completed Request for Review form.

"Pre-Service Claim" is a request for approval of a benefit in which the terms of the Plan condition the receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. Examples of a Pre-Service Claim include but are not limited to a Pre-Certification of general items or health services or a request for Pre-Determination to determine coverage for a specific procedure.

"Post-Service Claim" is a claim that under this Plan is not a Pre-Service Claim (i.e., a claim that involves consideration of payment or reimbursement of costs for medical care that has already been provided).

3. **Concurrent Care Claims.** The appeal of a decision to reduce or terminate an initially approved course of treatment will be decided before the proposed reduction or termination takes place. The University of Utah Health Plans Appeals and Grievances

Department will decide the appeal of a denied request to extend any concurrent care decision in the appeal timeframe for pre-service, urgent care, or post-service claims described above, as appropriate to the request.

“Concurrent Care” is when the Claimant has more than one medical condition existing and more than one Physician actively treats the condition related to their expertise, each physician can demonstrate medical necessity, and the treatments are provided on the same date(s). For example, an orthopedic surgeon cares for the patient’s fracture while the hospitalist oversees diabetes and hypertension management.

4. **Rescission Claims.** The appeal of a decision to rescind coverage due to a fraud or intentional misrepresentation of a material fact will be decided no later than sixty (60) days from the date the University of Utah Health Plans Appeals and Grievances Department received the Claimant’s appeal.

 - a. Rescissions of coverage; and
 - b. Medical judgment, including those adverse benefit determinations that are based on requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit or adverse benefit determinations that certain treatments are experimental or investigational.

STANDARD EXTERNAL REVIEW

1. A Claimant (or someone acting on the Claimant's behalf) may request external review of an adverse benefit determination within 120 days after the date of receipt of a notice of an adverse benefit determination or a final internal adverse benefit determination. The request for external review must be made in writing or orally to the University of Utah Health Plans Appeals and Grievances Department at the address indicated on page 5 of this Policy or by calling (844) 262-1560. Within five (5) business days following the date of receipt of the external review request, a preliminary review of the request will be performed to determine whether:
 - a. The Claimant is (or was) covered under this Policy at the time the health care item or service was requested, or, in the case of retrospective review, the Claimant was covered under this Policy at the time the health care item or service was provided;
 - b. The adverse benefit determination or final internal adverse benefit determination is not based on the fact that the Claimant was not eligible for coverage under this Policy;
 - c. The Claimant has exhausted this Policy's internal appeal process (unless exhaustion is not otherwise required); and
 - d. The Claimant has provided all the information and forms required to process an external review.
2. The Claimant will be notified of the results of the preliminary review within one business

day after completion of the preliminary review. If the request is incomplete, the notice must describe the information, materials, etc., needed to complete the request, and set forth the time limit for the Claimant to provide the additional information needed: (a) the longer of the initial four-month period within which to request an external review; or (2) if later, forty-eight (48) hours (or such longer period specifically identified in the notice) after the receipt of the notice.

3. If the request is not eligible for external review, the University of Utah Health Plans Appeals and Grievances Department will: (a) outline the reasons for ineligibility in the notice; and (b) provide the Claimant with contact information for the U.S. Employee Benefits Security Administration (toll free number is shown on page 5, *Important Information*).
4. If the request is eligible for external review, the University of Utah Health Plans Appeals and Grievances Department will assign the request to an Independent Review Organization (IRO) to conduct the external review.
5. To ensure independence of the external review and to minimize potential bias, the University of Utah Health Plans Appeals and Grievances Department will contract with at least three IROs who are accredited by URAC or a similar nationally recognized accrediting organization and will rotate assignments among the three IROs (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO shall not be eligible for any financial incentives based upon the likelihood that the IRO will support the denial of claims.

EXTERNAL REVIEW PROCESS

1. **Eligibility.** The IRO will provide the Claimant with written notice of the request's eligibility and acceptance for external review. The Claimant may submit additional information in writing to the IRO within 10 business days of the IRO's notification that it has been assigned the request for external review.
2. **Submission of Documents.** Within 5 business days after the date the IRO is assigned, the University of Utah Health Plans Appeals and Grievances Department must submit the documents and any information considered in making the benefits denial to the IRO. Failure to timely provide such documents and information will not constitute cause for delaying the external review. Failure to timely provide the documents and information will allow the IRO to terminate the external review and reverse the adverse benefit determination or final internal adverse benefit determination. If the IRO does so, it must notify the Claimant and the University of Utah Health Plans Appeals and Grievances Department within one (1) business day of making the decision.
3. **Reconsideration.** On receiving any information submitted by the Claimant, the IRO must forward the information to the University of Utah Health Plans Appeals and Grievances Department within one (1) business day. The University of Utah Health Plans Appeals and Grievances Department may then reconsider its adverse benefit determination or final internal adverse benefit determination. If the University of Utah Health Plans Appeals and Grievances Department decides to reverse its adverse benefit determination or final internal adverse benefit determination, it must provide written notice to the Claimant and the IRO

within one (1) business day after making the decision. On receiving this notice, the IRO will end its external review.

- 4. Standard of Review.** The IRO will review all the information and documents timely received. The IRO will review the claim de novo and is not bound by any decisions or conclusions reached under Our internal claims and appeals process. In addition to the documents and information timely received, and to the extent the information or documents are available, the IRO will consider the following in reaching a decision:

 - a. The Claimant's medical records;
 - b. The Claimant's treating provider's or providers' recommendations;
 - c. Reports from appropriate health care professionals and other documents, opinions, and recommendations submitted by Us, University of Utah Health Plans Appeals and Grievances Department, and the Claimant;
 - d. The terms and conditions of this Policy, including specific coverage provisions, to ensure that the IRO's decision is not contrary to the terms and conditions of this Policy, unless the terms and conditions do not comply with applicable law;
 - e. Appropriate practice guidelines, which must include applicable evidence-based standards;
 - f. Any applicable clinical review criteria developed and used by Us unless the criteria:
(1) are inconsistent with the terms and conditions of this Policy; and (2) do not comply with applicable law;
 - g. The applicable medical policies of this Policy;
 - h. The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider them appropriate.
- 5. Notice of Decision.** The IRO will send written notice of its decision to the Claimant and the University of Utah Health Plans Appeals and Grievances Department within 45 days after the IRO receives the request for external review. The notice will include:

 - a. A general description of the reason for the external review request, including: (1) information sufficient to identify the claim; and (2) the reason for the prior denial;
 - b. The date the IRO received the assignment to conduct the external review and the date of the IRO's decision;
 - c. References to the evidence or documentation considered in reaching the decision, including: (1) specific coverage provisions; and (2) evidence-based standards;
 - d. A discussion of the principal reason(s) for the IRO's decision, including: (1) the rationale for its decision; and (2) any evidence-based standards relied on in making the decision;
 - e. A statement that the IRO's determination is binding, unless other remedies are available to the Plan or the claimant under state or federal law;
 - f. A statement that judicial review may be available to the claimant and this Policy; and

g. Contact information for Montana's Consumer Assistance Program.

- 6. Compliance with IRO Decision:** If the IRO reverses the University of Utah Health Plans Appeals and Grievances Department's adverse benefit determination or final internal adverse benefit determination, We will immediately provide coverage or issue payment according to the written terms and benefits of this Policy.

EXPEDITED EXTERNAL REVIEW

1. Expedited External Review may be requested when:
 - a. An adverse benefit determination involves: (1) a medical condition with regard to which the timeframe for completing an expedited internal appeal under the interim final regulations would seriously jeopardize the Claimant's life, health, or ability to regain maximum function; and (2) a request for an expedited internal appeal has been filed; or
 - b. A denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the Claimant's treating health care provider certifies in writing that the recommended or requested health care service or treatment that is the subject of the adverse determination would be significantly less effective if not promptly initiated, and a request for an expedited internal appeal has been filed.
 - c. A final internal adverse benefit determination involves:
 - 1) A medical condition where the timeframe for completing a standard external review under the interim final regulations would seriously jeopardize the Claimant's: (a) life; or (b) ability to regain maximum function; or
 - 2) An admission, availability of care, continued stay, or health care item or service for which the Claimant received emergency services, but has not been discharged from a facility; or
 - 3) A denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the Claimant's treating health care provider certifies in writing that the recommended or requested health care service or treatment that is the subject of the adverse determination would be significantly less effective if not promptly initiated.
2. The request for an expedited external review must be made in writing to the University of Utah Health Plans Appeals and Grievances Department at the address indicated on page 5, *Important Information*. Immediately upon receipt of the request for an expedited external review, a determination will be made as to whether the request meets the requirements earlier set forth above in Standard External Review. The Claimant will be notified of the determination, and an IRO will be assigned as described above in Standard External Review.
3. The Standard of Review, Notice of Decision and Compliance with IRO Decision will apply as set forth above in those sections applicable to Standard External Review, except that the IRO will provide written notice of the final external review decision to the Claimant as expeditiously as the Covered Person's medical condition or circumstances require, but in no event more than 72 hours (7 days for

experimental/investigational review) after the IRO receives the request for an expedited external review. If the IRO's decision is not in writing, the IRO must provide written confirmation of the decision within 48 hours after the date it verbally conveyed the decision.

SECTION 11– GENERAL PROVISIONS

ENTIRE CONTRACT; CHANGES

This Group Policy, including the application, endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this Group Policy will be valid until approved by an executive officer of the Company and unless such approval be endorsed hereon or attached hereto. No insurance producer has authority to change this Group Policy or to waive any of its provisions.

MISSTATEMENT OF AGE

If the age of the Covered Person has been misstated, all amounts payable under this Group Policy will be such as the premium paid would have purchased at the correct age.

REPRESENTATIONS

In the absence of fraud, all statements made by applicants or the Policyholder or by a Covered Person will be considered representations and not warranties. A statement made for the purpose of effecting insurance may not avoid the insurance or reduce benefits unless contained in a written instrument signed by the Policyholder or the Covered Person, a copy of which has been furnished to the Policyholder or to the Covered Person or the Covered Person's beneficiary.

CERTIFICATES (EVIDENCE OF COVERAGE)

We will furnish to the Policyholder for delivery to each Covered Employee a Certificate (Evidence of Coverage) form which is a statement in summary form of the essential features of the insurance coverage of the Covered Employee to whom benefits are payable. If Dependents are included in the coverage, only one Certificate will be issued for each family unit.

COORDINATION WITH MEDICARE

The Plan will coordinate benefits with Medicare according to the federal Medicare secondary payor laws and regulations ("MSP rules"). This means that The Plan and/or Medicare may adjust payment so that the combined payments by The Plan and Medicare will be no more than the charge for the Benefits received by the Covered Person. The Plan will never pay more than it would pay if the Covered Person was not covered by Medicare.

Medicare pays secondary to The Plan for Benefits for Beneficiary Covered Persons and their Spouses who are Covered Persons, covered by employers with 20 or more employees, who qualify for age-based Medicare as a result of attaining age 65 and older and who are covered by virtue of the Beneficiary Covered Person's current employment status. Medicare will be the primary for a Covered Person that refuses coverage under this Group Plan. Medicare will pay primary to The Plan for the working aged Covered Persons covered by employers with fewer than 20 employees, including a multi-employer association if the Covered Person is covered by an employer within the multiemployer association with fewer than 20 employees.

NEW ENTRANTS

This Group Policy may add from time-to-time eligible new Employees and Dependents, as the case may be, in accordance with the terms of this Group Policy.

CHANGE OF BENEFICIARY

Unless the Covered Person makes an irrevocable designation of beneficiary, the right to change a beneficiary is reserved to the Covered Person. The consent of the beneficiary or beneficiaries will not be requisite to surrender or assignment of this Group Policy, or to any change of beneficiary or beneficiaries, or to any other changes in this Group Policy.

ASSIGNMENT

This Group Policy cannot be assigned.

NONPARTICIPATING

This Policy is subject to rescission if a Covered Person commits an act or omission that constitutes fraud or intentional misrepresentation of a material fact following a 30-day notification.

Validity of Contract

This Policy shall not be rendered invalid if any provision is held by a court to be illegal or in conflict with applicable law but this Policy shall be construed without the invalid provision.

Benefit Discretion

We may agree to make payments for services, supplies, drugs, devices or medical expenses which are not listed as Covered Benefits in order to provide quality care at a lesser cost.

In-Network Providers

Potential Impact of State Law:

The HIPAA Privacy Rule regulations generally do not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, the extent state law applies, the privacy laws of state, or other federal laws, rather than the HIPAA Privacy Rule regulations, might impose a privacy standard under which the CO-OP will be required to operate. For example, where such laws have been enacted, the CO-OP will follow more stringent state privacy laws that relate to uses and disclosures of PHI concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, etc.

Complaints, Questions and Concerns:

If you want more information concerning our privacy practices, or you have questions or concerns, please contact our Privacy Office. If you are concerned that: (1) the company has violated your privacy rights; (2) you disagree with a decision made about access to your medical information or in response to a request you made to amend or restrict the use or disclosure of your medical information; (3) to request that the company communicate with you by alternative means or at alternative locations, you may complain to us using the contact information below. You may also submit a written complaint to the U.S. Department of Health and Human Services. The address to file a complaint with the U.S. Department of Health and Human Services will be provided upon request.

The CO-OP supports your right to protect the privacy of your medical information. There will be no

retaliation in any way if you choose to file a complaint with Mountain Health Cooperative or with the U.S. Department of Health and Human Services.

GROUP HEALTH PLAN NOTICES 2020

Women's Health & Cancer Rights Act

The Women's Health & Cancer Rights Act (WHCRA) requires group health plans to make certain benefits available to participants who have undergone or who are going to have a mastectomy. In particular, a plan must offer mastectomy patients benefits for:

- Covered under the employer-sponsored medical plan, and
- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Your plans comply with these requirements.

Newborn's and Mothers' Health Protection Act

The Newborn's and Mother's Health Protection Act (the Newborns' Act) provides protections for mothers and their newborn children relating to the length of their hospital stays following childbirth. Under the Newborns' Act, group health plans may not restrict benefits for mothers or newborns for a hospital stay in connection with childbirth to less than 48 hours following a vaginal delivery or 96 hours following a delivery by cesarean section. The 48-hour (or 96-hour) period starts at the time of delivery, unless a woman delivers outside of the hospital. In that case, the period begins at the time of the hospital admission.

The attending provider may decide, after consulting with the mother, to discharge the mother and/or her newborn child earlier. The attending provider cannot receive incentives or disincentives to discharge the mother or her child earlier than 48 hours (or 96 hours).

Health Insurance Portability & Accountability Act Non-discrimination Requirements

The Health Insurance Portability & Accountability Act (HIPAA) prohibits group health plans and health insurance issuers from discriminating against individuals with respect to premiums, eligibility or benefits based on an individual's health factors.

These health factors include: health status, medical condition (including both physical and mental illness), claims experience, receipt of health care, medical history, genetic information, evidence of insurability and disability.

Special Enrollment rights

The Health Plan Portability & Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans that allow a special opportunity to enroll in a new plan in certain circumstances.

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan (except dental and vision plans elected separately from your medical plans) if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days (60 days if the lost coverage was Medicare or Healthy Families) after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption. To request special enrollment or obtain more information, contact your Human Resources representative.

HIPAA Special Enrollment Opportunities include:

- COBRA (or state continuation of coverage) exhaustion.
- Loss of other health insurance coverage.
- Acquisition of a dependent through marriage, birth, adoption or place for adoption.
- Becoming eligible for a State Medicaid or premium assistance subsidy (CHIPRA).

Change in Status Permitted Midyear Election Changes

Due to Internal Revenue Service (IRS) regulations, in order to be eligible to take your premium contribution using pre-tax dollars, your election must be irrevocable for the entire plan year. As a result, your enrollment in the medical, dental, and vision plans or declination of coverage when you are first eligible, will remain in place until the next Open Enrollment period, unless you have an approved "change in status" as defined by the IRS.

Examples of permitted "change in status" events include:

- Change in legal marital status
- Change in number of dependents
- Change in eligibility of a child
- Change in your/your spouse's/your state registered/unregistered/state registered and unregistered domestic partner's employment status
- A substantial change in your/your spouse's/your state registered/unregistered/state registered and unregistered domestic partner's benefits coverage
- A relocation that impacts network access

- Enrollment in state-based insurance Exchange
- Medicare Part A or B enrollment
- Qualified Medical Child Support Order or other judicial decree
- A dependent’s eligibility ceases resulting in a loss of coverage
- Loss of other coverage
- Change in employment status where you have a reduction in hours to an average below 30 hours of service per week, but continue to be eligible for benefits, and you intend to enroll in another plan that provides Minimum Essential Coverage that is effective no later than the first day of the second month following the date of revocation of your employer sponsored coverage
- You enroll, or intend to enroll, in a Qualified Health Plan (QHP) through the State Marketplace (i.e. Exchange) and it is effective no later than the day immediately following revocation of your employer sponsored coverage.

You must notify your Human Resources representative within 30 days of the above change in status, with the exception of the following which requires notice within 60 days:

- Loss of eligibility or enrollment in Medicaid or state health insurance programs.

The Children’s Health Insurance Program (CHIP) Premium Subsidy Assistance Subsidy Notice

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available. If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877- KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2020. Contact your State for more information on eligibility.
