This Policy provides a network through which members can receive benefits for allowable services from in-network providers. When using an in-network provider for covered medical expenses, the member is only responsible for applicable deductible, coinsurance and/or copayments of the allowable amount up to the maximum out-of-pocket. When using an out-of-network provider, the member is responsible for payment of billed charges beyond the allowed amount for covered medical expenses. Please note: The member is responsible for full charge of any non-covered medical expense. When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing. For more information about “surprise billing, visit <https://mountainhealth.coop/members/> and review the information provided under “Surprise Billing”.

## This is a brief summary of benefits. Refer to your policy for additional information regarding benefits, limitations, and exclusions.

- (1) **Comprehensive Health Insurance Coverage** — Policies of this category are designed to provide to members, coverage for major hospital, medical, and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided for daily hospital room and board, miscellaneous hospital services, surgical services, anesthesia services, in-hospital medical services, and out-of-hospital care, subject to any deductibles, co-payment and/or coinsurance provisions, or other limitations which may be set forth in the policy.
- (2) **Description of Benefits** – The policy provides Comprehensive Health Preferred Provider Organization (PPO) Insurance coverage. You have the option to receive services from an In-Network or an Out-of-Network Provider. Generally, benefits are paid at a higher level when an In-Network Provider is used. The Outline of Coverage reflects the benefits payable when services for Covered Benefits are provided by an In-Network Provider or an Out-of-Network Provider. The Outline of Coverage and the Covered Benefits provided under the Policy are indicated above.
- (3) **Out-of-Network Maximum** – Be aware that your actual costs for services provided by an out-of-network provider may exceed this policy's maximum out-of-pocket for out-of-network services because out-of-network providers can bill you for the difference between the amount charged by the provider and the amount allowed by the insurance company. Amounts in excess of the allowed amount are not counted toward the out-of-network deductible or maximum out-of-pocket.
- (4) **Prior Approval** – Covered Services may be subject to the prior approval process. Please see the comprehensive policy document, section 6, Utilization Review Management for details on what services require prior authorization.
